LOGEE'S GREENHOUSES

Established 1892

55 NORTH STREET

DANIELSON, CONNECTICUT

FOREWORD

To our many friends who have ordered from us in the past and to those new customers whom we have yet to call "friends" a sincere welcome to another year with Logee's.

Our greenhouses were founded in 1892 by William D. Logee who was one of the original house plant collectors. His love for plants was his primary purpose in choosing a career in horticulture and our botanical collection contains many interesting and rare specimens. A visit to our greenhouses is a rewarding experience. We have one of the finest collection of Begonias in the country — over 500 named varieties — as well as a large selection of geraniums and exotics. Of special interest is the sprawling Acacia, huge Ponderosa Lemon, Navel and Dwarf Oranges, very old Staghorn Fern, Bougainvilleas, Passion Flowers, golden Allamanda, and many others.

A friendly invitation is extended to all who wish to visit us. Our greenhouses are always open and you are always welcome — Sundays, holidays, and evenings. We are located one mile north from the center of Danielson, just off Conn. Route 12, and 5 miles west of the R.I. end of the Conn. Turnpike, Route 95; 'phone PRescott 4-8038.

REX BEGONIAS

CULTURAL HINTS

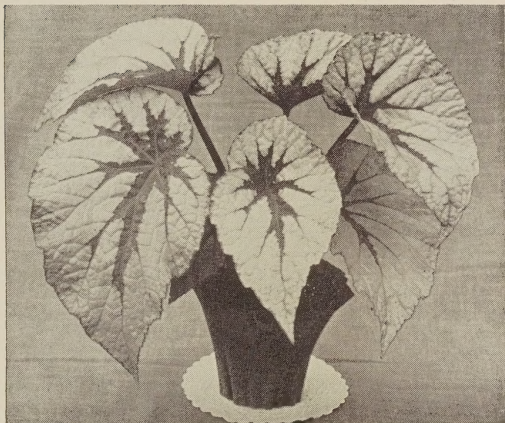

These are shade-loving varieties. Keep away from direct sunlight. A good potting mixture contains equal parts peat moss, sand, and soil rich in humus. Spaghnum moss is also an excellent growing medium. Do not press soil down hard because begonia roots are very fine. Feed once a month with any good liquid fertilizer. Don't discard if a plant drops its leaves; it will grow again from the old roots although it sometimes takes 3 months. Leaves of Rex Begonias are excellent for flower arrangements. These "painted leaf" begonias are difficult to describe since color varies tremendously from young to mature plants; from one leaf to another on the same plant; from more or less exposure to sun or shade.

NEW INTRODUCTIONS

- AUREOLA. NEW. Silver entirely suffused with pink. \$2.00
- CAN-CAN. Deeply ruffled leaf sharply pointed with deep dips; taffeta silver overlaid with blush pink. \$2.00
- CURLY MULBERRY. Beautiful spiralled leaf with distinct bands of deepest purple and silver with purple center. \$2.00
- CURLY SILVER LAKE. Like Purple Curly Stardust; lighter undertones; crimson edge. \$2.00
- CURLY THUNDERCLOUD. Like Thundercloud but having spiral leaf. \$1.00
- EMBER. Flickering shades of silver, pink, and rose interspersed with green. \$1.50
- FILIGREE. NEW. Finger leaf with blotches of sunset pink and satin-black inlay. Strong grower. \$2.00
- FRAU HOFFMAN. Metallic rose covers center of leaf shading to silver-gray. Branching habit. \$1.00
- IRON CROSS. Strong growing, with chocolate-brown markings in the form of the German Iron Cross on apple-green puckered leaf. Distinctive. \$5.00
- LAVENDER GLOW. Jet-black center, leaves silver overlaid with sunset red. \$1.50
- MERRY CHRISTMAS. Leaves satiny red outlined in bright green with velvety red center and edge. \$1.50
- MIRIAM WILEY. Pink blush overall; olive-green veins. \$1.00
- MOHEGAN. Small leaved. Brilliant crimson rose, edged with maroon. \$1.50
- OAJAI. Large leaf; center and wide edge forest-green heavily spotted large silver dots. \$2.00
- ORIENT. NEW. A fine dark red leaf with exceptional vigor; good winter grower. \$2.00
- POINCARÉ. Large spotted silver and green leaf with solid silver dripping from lobed margin. \$1.00.
- REDWING. Beautiful pointed leaves, outer edge silver, center maroon; overall flushed with crimson. \$1.50
- ROBIN. Distinctly different; upright branching, small maple shaped leaves; crimson sprinkled with fine silver; pink flowers, blooms continuously. \$1.50
- ROSE MARIE. NEW. Black-veined silver suffused with orchid, narrow edging of black. \$2.00
- SILVER GREEN HEART. Very beautiful. Nearly entire leaf silvery green. Solid green at center. \$1.50
- SILVER ROSE. Leaves beautiful metallic silver, center rose pink. Compact grower of perfect symmetry. \$2.00
- SIR PERCY. Like Pearli, small metallic silver leaves with dark green edging; underside brick red. \$1.00
- STONE MOUNTAIN. Stone grey leaves, underside red. Rather dwarf compact grower. \$1.00

MERRY CHRISTMAS

SILVER GREENHEART

HELEN LEWIS

SUNBURST. Rounded, deeply cut light green leaf; dark green palmate center running into wide veins. \$1.50

THUNDER CLOUD. Ruffled leaf of silver green, with distinct dark green center, very attractive. \$1.00

VARIETIES WITH SILVER THE PREDOMINATING COLOR

A.D. DAVIS. Medium leaves of silver gray. Brownish gray at the margin in striking contrast. 75c

CARNOT. Large leaf of darkest green. Raised silver spots evenly distributed. 50c

CHARLES SCHMIDT. Large green lobed leaf sparsely silvered. 75c

COONS EYE. Silver with undulating edge. Pearl green center. Upright. 50c

DARK CARNOT. Deeper colors than the above. In this variety silver spots are subdued. Very attractive. 75c

ELLA MARGUERITE. Mottled green border, toothed, and lobed margin. \$1.00

EMERALD GIANT. A beautiful begonia with rich colors of green and brown. Stands out among the others in the green class. 75c

FIESTA. Round leaf with even margin. Splashes of silver that turn pink. \$1.00

HUSBANDS FAVORITE. Medium plant with round leaves heavily silvered. Flushed pink at times. 75c

IMPROVED MODESTY. Strong grower. Background of daphne pink on solid and peppered zones of silver. 75c.

INIMITABLE. Silver green leaf with erect pink hairs. 75c

KATHLYANA. Long pointed lobed leaf heavily speckled silver. Bright unbroken lines of green to the margin. Very attractive. \$1.00

LESOUDSI. An old timer. Lobed leaf, dark green, spotted pea green and silver. 75c.

LORD PALMERSTON. Olive green leaves with lighter green zone. Stipuled with sage green. 75c.

MARLBOROUGH BEAUTY. Large leaf almost entirely silver. Green margin. An old favorite. 75c

MODESTY. Long leaf, blunt with dots and splashes of silver green. 75c.

MOONBEAM. Round leaf of silvery light grey-green. 75c

MRS. DREW. Silver green with bright green. Zones clearly marked. An illusion of a leaf within a leaf. 75c

MRS. FREVERT. Leaf outline similar to the maple. Silver-green darker at the edge. 75c

MRS. JOHN BURNHAM. Large silver leaf lightly covered with pink erect hairs. 75c

MRS. MOON. Shallowly lobed leaf with a different shade of silver-green. Distinct palmate center. Upright. 50c

PEACE. Wide tapering leaf entirely silver tinted pink, deepening to rose with increased light. 75c

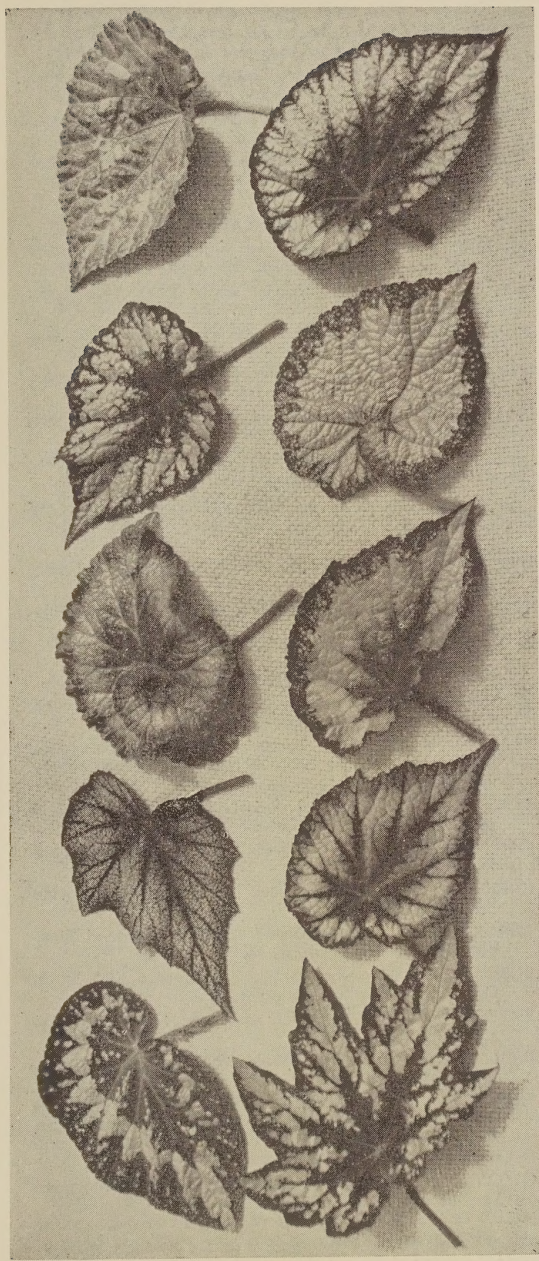

PEARL HUME. Large silver spots on grass green background. Richly contrasted as in no other variety. 75c

PERLE DE PARIS. Beautiful large leaves of silver metallic green. Flowers striking lemon color. True elephant ear begonia. \$1.00

PETER PAN. Beautiful green variety. Center band of silver green. Dark green background. 50c

QUEEN WILHEMENA. Almost entire silver. Leaves large with blistered surface. 75c

ROBERT GEORGE. Leaves on long petioles. Another maple leaf type, silvered heavily to be near solid. Green palmate center and edging. 50c

Rex Begonias. L to r, top row: Fiesta, Kathlyana, Princess of Hanover, Patsy, Meteor; 2nd row: Bertha MacGregor, Lavender Glow, Cardoza Gardens, Capt. Nemo, Madame Rampke.

- RUBENA. Resembles Fiesta in many ways. Flushes pink in the sunlight. 75c
- SALAMANDER. Like Fairy, only the base color is green. Compact grower with erect pointed leaves. \$1.00
- SILVER CORD. Round leaf of silver and green. Silver confined to the areas between veins. 75c
- SILVER KING. King of the silvers--well named--large steel grey leaf with glistening surface. \$1.00
- SOLID SILVER. Small plant in monocolour. Narrow pointed leaves somewhat erect. 75c
- SPIDER WEB. Leaves deeply lobed silver gray and sparsely hairy. 75c

ALL GREEN OR SLATE GREEN

- BEARDED. Outstanding hairy rex. Shades of green. Coarse light hairs standing erect over the entire leaf. 75c
- BURVEL. Rounded leaf, distinct silver spots; very hairy stems. 75c
- CHILDS SPOTTED. Entirely green except for small dots at the base of fine hairs. Leaf of heavy texture. 50c
- EVERGREEN. Solid fern green leaves, broad and tapering. An all green variety. \$1.00
- GREEN BERRY. Dark olive green, heavily stipuled with silver. 75c
- JECOCK MIDNIGHT. Large leaf. Olive green cast. \$1.00
- MIDNIGHT. Smoky leaf, peppered with white spots. 50c
- QUEEN OF HANOVER. An old well-known variety, easy growing. Bands of green and lighter green. Many fine pink hairs. 50c
- STARDUST. Large dark olive green, entirely dusted with silver. 75c
- TIOGA. Center of olive green. Margin brighter green. Blistered surface. 75c

BRILLIANT LEAVED GROUP

- AUTUMN GLOW. Pointed leaf mottled rose and silver. Green margin; outstanding color. \$1.50
- BLACK DIAMOND. Erect habit of growth. Leaves dark maroon with center zone of burnished silver, faintly speckled. \$1.00
- BLACK KNIGHT. Broad leaf almost black. Stipled band of pink dots. One of the darkest varieties. \$1.00
- CARDOZA GARDENS. Large leaved plants of rainbow hues. \$1.00
- CHRETIEN. Bright metallic rose on black. Low-growing with broad leaves. 75c
- CRIMSON GLOW. Leaves pointed and slightly cupped. Rose-pink dusted silver. Longer leaf than usual. 75c
- DUSKY ROSE. Deep sombre tones of maroon and black. Compact plant with wide leaves. \$1.50
- EMPEROR. Leaf has a sanded appearance. Flushed crimson at the center. 75c
- FAIRY. Pointed silver leaf, veined with gnaphalium green, tinted with pink. 75c
- FIREFLUSH. One of the finest of Rex; leaves dark green edged with black, entire leaf covered with red hairs; new leaves resemble red velvet, flowers white and very fragrant. \$1.00
- GLORY OF ST. ALBANS. Most brilliant; leaves of glistening bright rose overlaid with silver. \$2.00
- HELEN LEWIS. Bands of color are distinct; deep wine, contrasting band of silver. \$1.00
- HELEN TUPPEL. Leaves long, pointed, sharply lobed. Garnet brushed with silver. \$1.00

- HERMAN TUPPEL. Broader leaf without lobes. \$1.00
- HER MAJESTY. Distinctly different. Black center and edge. frosty zone of metallic rose. \$1.00
- HIS MAJESTY. Velvet-robed center crowned with garnet-studded silver trimmed in deep purple. \$1.00
- HUNTINGTON LAKE. Somewhat hairy leaves of deepest color. Faintly marked silver. \$1.00
- KING EDWARD. Very dark satin black leaves spotted red. Of easy culture. \$1.00.
- KING HENRY VII. Medium plant with dark maroon leaves, irregular spots of silver. \$1.00.
- MADAME RAMPKE. Broad colorful leaf of silver brushed a lively pink. \$1.50
- MARION LOUISE. Pointed and sharply lobed leaves of silver green. Grass green center and margin. \$1.00
- METEOR. Compact plant with well-rounded leaves. Deep rose entirely speckled with silver. \$1.00.
- MIKADO. Leaf colored plum rose at center and margin. Plum color spilling into a silver center. \$1.00
- MT. HAZE (Wadsworth) A true smoky rex. Dusky rose dusted with silver. \$1.00
- MULBERRY. Chocolate brown edge and center with band of silver; suffused with mulberry; very striking. \$1.00
- OUR INDIAN. Leaf with glossy surface. Indian red, dullest green at the margin. \$1.50
- PACIFIC SUNSET. Fading shades of red blending into silver; purple glow edge. \$1.00
- PAINTED LADY. Daubed like an artist's pallet. Splashes of red and green most conspicuous. \$1.00
- PATSY. Low growing with shallow lobed leaves. Silver and rose. \$1.00
- PEACOCK. Darkest tones of black and red. Large leaves hugging the pot. \$1.50
- SEA NYMPH. Leaf with colorful spots like bubbles rising in emerald sea waters. \$1.00.
- SILVER QUEEN. A soft silver grey with overcast of metallic purple in center. 75c

SPIRALLED LEAVED GROUP

- AVILA. Well-rounded leaf with overlapping lobe. Zones of rose and silver, dark center; color variable. \$1.50
- BRONZE KING. Olive green leaves. Spiralling very pronounced. Pink hairs rise from silvery dots. \$1.00
- CAPTAIN NEMO. Green and silver green color bands distinctly marked. \$1.00
- CARMELITA. Leaf dark green with brown markings and silver bands. \$1.00
- COMTESSE LOUISE ERDODY. An old variety toned gray-green, flushed rose. Overall pink hairy. \$1.50
- CURLY CARNOT. Very heavy textured leaf almost entirely silver. Green confined only to the veins. \$1.00.
- CURLY FIREFLUSH. New. A beautiful curly type with the same striking velvet leaves of Fireflush. \$1.50
- CURLY SILVER SWEET. Very ruffled all silver leaf, garnet-veined. \$2.50
- CURLY STARDUST. Gray-green leaf facing up. Sprinkled with silver. \$1.00.
- DUARTEL. Silver streaks on dark green with dense red hairs; dark edge. \$1.50
- NEW ERDODY. A curly form of Queen Wilhelmina. \$2.00.
- OREGON SUNSET. Colors of the hardwood trees in autumn. Leaves appear rolled and crumpled. \$2.00.

- PRINCESS OF HANOVER. Green, covered with tiny light pink hairs. \$1.00
- PURPLE CURLY STARDUST. Leaves of purplish cast heavily stippled silver. \$1.50
- SILVER GLOW. Curly leaf, embossed silver pink-tinged with veins of green. \$2.00
- TWISTY SPOT. Coarsely toothed leaf of wine. Silver dots evenly distributed. \$2.00.

UPRIGHT AND BRANCHING TYPES

- ABEL CARRIERE. Small smooth leaf of silver and green flushing pink in sunlight. 50c
- ALFREANA. Satiny silver gray pointed leaves with dark slate palmate center. Outstanding flowers of ivory pink. \$1.50.
- ANNIE ROBINSON. Striking metallic zone in center. Remainder black, dark red beneath. 75c
- BERTHA MACGREGOR. Spots and splashes of silver on olive green. Deeply lobed like the maple. 75c
- IRISH COLLEEN. Satin green leaves, black-veined. \$1.00
- MRS. A. G. SHEPARD. Silver covers most of the leaf with a distinct green margin. 75c
- NIGGER TREE. Smoky black leaf with an area of brightest green. 75c
- PINKIE. Solid silvery pink delicate markings of purple. \$1.00
- SILVER FLEECE. Light green stippled with silver. 50c
- SILVER SWEET. Silver-gray leaves, dark veined. \$1.00
- VAN EX. Silver on green. 75c

MINIATURE GROUP

- BABY RAINBOW. Just what the name implies; a miniature Rex with rainbow hues. \$2.00.
- CALICO. Round leaves silver dotted. Flushed crimson. 75c
- DEW DROP. Leaf pearly surface delicately tinted pink; lobed leaves suggestive of the ivy. \$1.50
- GRIFFITHI. Species from Bhutan. Velvet plush leaves, green with silver band. \$2.00.
- IT. A Rex hybrid, green leaves striped with silver; flowers freely, bright pink. 75c
- LORRAINE CLOSSON. New; brightest of all. \$2.00
- LOUISE CLOSSON. Dark red leaf with metallic green. \$2.00
- LUCILLE CLOSSON. Dark leaf, large purple-pink blotches. \$1.00
- LUCY CLOSSON. Dwarf leaf with flecks of purple. \$1.50.
- OUR JADE. Dainty soft silver-green with pink blush. \$1.00
- PANSY. Unusual metallic green with distinctly marked center of dark green; flowers rose. \$1.00

GRAPE LEAF GROUP

- ACIDA. Low growing habit with netted light green leaves. Distinctive and different. \$1.00
- ILLUSTRATA. Compact plant with small round leaves gray-green, faint mottling. Flowers in winter. 50c
- PEARLI. Leaves pearly gray, narrow green margin. 75c.
- SPECULATA. Light green shallow lobed leaves. Surface blistered. Flowers lovely light pink. 75c

FIBROUS BEGONIAS

New Introductions

- ANITA ROSEANNA. A Nisbet hybrid of real merit. Dark red flowers with bronze-red foliage; very free flowering. \$2.00
- BARBANA. Rhizomatous. Light green medium leaves, red veined, hairy underneath with hairy stems. \$2.00
- COOPERI. Dwarf bushy growth; crinkled elm-like leaves; covered with clusters of white flowers resembling baby's breath. \$2.00
- DAEDALEA. Mottled dark leaves, bushy habit, pink flowers; strong grower. \$2.00
- DOMINGENSIS. PEANUT BRITTLE. A darling gem; tiny, glossy, crinkled leaves, fleshy yet firm; much growth close to base; free-flowering pink blossoms. \$1.00
- DOUGLAS NISBET. A fine Nisbet hybrid; delightful drooping umbels rose-pink flowers; leaves typical orange-rubra sheen, bronze-red underneath. \$2.00
- GIGANTEA. A fine species with light pink flowers. \$3.50
- HISPIDA CUCULLATA. Species from Brazil. Leaves pale green, maple shape with numerous adventitious leaflets; bushy habit with white flowers. \$3.00
- ILSLEY. Miniature dark-leaved rhizomatous; pink flowers. \$2.00
- INFLATA. Rare new species. Oval shaped leaves rise from rigid stems. \$2.00
- INGELWOOD. Finger leaf with stunning bronze-red ruffled leaves; bright pink flowers; strong grower. \$2.00
- MOTHER PEARL. Rhizomatous. Originated by Mrs. Sanborn of Thetford, Vermont. Large grey-green leaves, tinged pink; flowers blush pink. \$2.00
- PAULENSIS. Shiny, medium-green, peltate leaf; radial veins joined by cross veins give a fascinating spider-web effect. \$5.00
- PINAFORE. Our hybrid of Elaine. Low growing angel wing type; leaves slate green, silver spotted, beet red beneath. Prolific flowers of bright salmon blooming over a long period. \$1.50
- SULCATA. Small brittle leaves; very dwarf white flowers. \$1.50
- TEUSCHERI. Angel Wing. Smooth dark red leaves. \$2.00
- VALDENSIUM. "Philodendron-leaved Begonia". Erect grower. Leaves grass-green, broad, flat with slight undulating edge. Prominent light green veins. \$2.00

Rare Introductions

- ANDINA. Erect grower; light green leaves, entire plant covered with brown matted hairs. Flowers white. \$1.50
- AFRICAN SPECIES. Beautiful plant with dark smooth green foliage like the peach leaf. Smooth stems with brown tomentose. Flowers white. \$1.50
- ARIDICAULIS. Small, bright green leaves lighter along veins. Flowers white in late winter. Stems appear withered. \$1.50
- BOW-ARRIOLA. Miniature star-leaved hybrid of Boweri; lobed leaves of dark green. \$1.50
- BOWERI MAJOR. Larger than its petite cousin, Boweri. Blotches on leaves not as pronounced as the former, but possess a vibrant green, clumpy habit. \$1.00
- BOW-NIGRA. Boweri hybrid. Star-shaped leaves of dark green with showy light green center. \$1.50
- BROCADE. Tapestry of iridescent silver on green lobed leaf; underside rose; white blooms pink tinged; trailing habit. \$1.50

CUBAN SPECIES. "Holly-leaved Begonia" Small glossy dark green leaves, sickle-shaped. Flowers white in pairs and cover plant in winter. Bushy habit. \$1.00

DAYI. Interesting rhizomatous type. Glossy, light green leaves with dark maroon veins. Ivory-colored flowers on graceful long sprays above the foliage. \$3.50

DUSCHARF. More beautiful than Scharffi, which it resembles. Leaves broader, darker green, with white hairs. Blooms in huge clusters, white, covered with pink hairs, lasting over a long period. \$2.50

ELLA KEYES. Similar to Feasti, the "Pond Lily Begonia". Leaves much larger, lighter green. Fragrant blooms of light pink. \$1.50

FERNANDO COSTAE. Large round leaves. Very hairy, bright green above, rose pink beneath. Flowers white in large clusters above the foliage. Each floweret forms a perfect cross. New species from Brazil. \$2.00.

FLORENCE CARRELL. Limminghei hybrid. An everblooming trailer, with beautiful coral red pendulous flowers. 1.00

PINAFORE

VALDENSIUM

- FRANCISII. Low growing, creeping habit. New leaves strawberry color. \$1.50.
- FRANCOIS GAULIN. Angel wing type similar to Pres. Carnot. Lower growing; leaves not so deeply lobed. \$2.00.
- GLOIRE DE JOUY. Mallet hybrid, leaves are round, green, peppered with silvery spots, red beneath. Flowers large soft pink. \$2.00.
- HANDELI. Rare species from China. Rhizomatous, leaves light green sparsely covered with bright red hairs. Flowers cream color, fragrance of sandalwood. \$3.00.
- HEMSLEYANA. Palmate leaves of shining green above and red beneath; bushy habit of growth makes this species from China a distinctive variety. Flowers pink in summer. Of easy culture. \$2.00.
- HEPATICA MACULATA. Low growing rhizomatous. Irregular brown markings on round yellow green leaves. A very strong grower. \$1.50
- HISPIDIVILLOSA. Rhizomatous. Light green round leaves, coarse hairy, veins prominent. A medium grower, stems covered with maroon hairs. Flowers light red in winter. Mexico. \$1.50
- ISOPTERA. Java species. Low growing with small, light green leaves, margins red. Tiny flowers greenish white edges red. Bushy grower and distinctive. \$2.00
- JOHNSTONI. Rapid growing, erect habit. Ovate-scalloped leaves with faint gray bloom, cherry red at the sinus. Stems spotted red. Light pink flowers in winter. 75c
- KENWORTHYI. Rhizomatous Mexican species, with leaves resembling ivy in form, smooth, with grayish bloom. Flowers faintly pink in mid-winter. \$2.50.
- LIMMINGHEI X. DICHROA. Hybrid of greater vigor. Large triangular grass green leaves. Drooping habit. Showy coral pink flowers, in large clusters. \$2.00
- LULU BOWER. Angel Wing type; bronzy-green leaf; long-lasting showy orange flowers. \$3.50
- LUWALTER. Mazae hybrid. Upright growth. Flowers pink in winter. \$1.00.
- PERLE de GARDE. Another fine angel wing of bushy growth. Leaves olive green with large deep pink flowers. \$2.00.
- PICTA. A beautiful, summer growing tuberous species from the Himalayas. Leaves of velvet green, veined dark green, maroon under. Large single pink flowers. \$2.50
- PINK PARADE. Gorgeous Dichroa hybrid of Mrs. William D. Nisbet. Flowers are actually salmon pink. Prime leaves heavily silver-spotted, wavy margins. \$2.00
- PINK SPOT LUCERNE. Outstanding hybrid of Coralline Lucerne, having dark green leaves with metallic-pink spots. Bright red blooms are striking. Greatly admired by everyone. \$2.00
- QUADRELOCULARIS. Lancelate leaves, somewhat cupped, brittle, pebbly texture. Unusual white flowers bearing four winged seed pods. New species. \$2.00
- RICKY MINTER. Cristata X Mazae. Leaves dark bronze, ruffled edge with prominent veins. Rose pink flowers in winter. A robust grower. \$2.00
- ROTUNDIFOLIA. A miniature with round crenate light green leaves on red petioles. Flowers white blooming over a long period. Native to Haiti. \$2.00.
- RUBIYAT. A beautiful hybrid of Dichroa, with smooth green leaves and large clusters of luscious salmon pink flowers, which continue blooming over a long period of time. \$2.00
- SERMENTACEA. Rex-type iridescent leaf; very prominent veins like Anthurium Cristallinum; striking. \$2.50

RICKY MINTER

HEMSLEYANA

SPAULDING

SILVER PUSTULATA. Greatly admired by everyone, with its silvery-white markings on nile green leaves. Low-growing, outstanding new Begonia of merit. \$2.00

SPAULDING. New miniature by Louise Schwerdtfeger of Santa Barbara (Boweri X Hydrocotylifolia) Round leaves with slightly hairy margin. Brownish green to green above. Underside beet-red adjacent to the veins. Flowers light pink to near white depending on the light. \$1.50

STITCH-LEAF. Mazae hybrid, light green leaf with dark green markings at the margin. \$1.00

TAMO. Strong hybrid of Incana X Mazae. Upright rhizomatous of unusual beauty, leaves covered with tomentum, green-brown above, red beneath. Flowers white in winter. New. \$1.00

TINGLEY MALLET. (MME. LIONNET) One of the most beautifully colored, brilliant red bronze leaves, overlaid with silver pink dots and red hairs. Large clear rose pink flowers. Of easy culture. \$2.00

VENOSA HYBRID. Very dark red underneath, dark green fuzzy top; more branched than Venosa. \$2.00

VIAU-SCHARFF. A lovely hairy-leaved type with long-lasting clusters of large white flowers. Leaves plush velvet. \$2.00.

ZEEBOWMAN. A fine silver-leaved hybrid of Liebmanni and Boweri. Rhizomatous and compact. \$1.50

MISCELLANEOUS FIBROUS BEGONIAS

ALMA MILLIKEN. Rather tall growing smooth Lucerna type. Splashes of silver and green, with red margin. \$1.00

ALNIFOLIA. "Alder Leaf". Plant entirely smooth with narrow light green leaves. \$1.00

ALPHA GERE. Leaf like begonia Dichotoma, light green, toothed, climbing. \$1.00.

ARTHUR MALLET. One of the most richly colored; dark red-bronze leaves overlaid with silver-pink dots; large clear rose-pink flowers. \$2.00

ASCETOSA. Unsurpassed rare Brazilian species. Leaf surface hairy, bright green, underside red velvet. White flowered. \$2.00

BOWERI. Miniature "Eyelash" Begonia. Leaves light green chocolate markings, erect hairs at the leaf margin. Pale pink flowers. \$1.50

CATHAYANA. Antique Chinese. Plush green with smooth bright red veins. Light orange flowers. \$2.50

CRESTABRUCKI. "Lettuce leaf". Like Manicata Aureo Crispa. \$3.00

DANCING GIRL. Outstanding, because no leaves on the plant are alike in cut and size. Leaves green, streaked and spotted silver. Bushy habit. \$1.00

DAWN. Low growing with lance shaped leaves, green heavily silvered. Red edged. \$1.00.

DELICIOSA. Borneo species. Smooth plant, quite tall, red stems, dark green leaves deeply lobed. Light pink flowers in late summer. \$1.00.

DIADEMA. Leaves more deeply cut than the above and light green, streaked silver. White flowered. 75c

DICHROA. Beautiful low growing from Brazil. Bright glossy green leaves. Outstanding because of its brilliant orange flowers. \$3.00

DIPETALA syn. MRS. KIMBALL. Erect grower, with green finely toothed leaves close to the stalk. Large light pink flowers on short stems. \$1.00.

SET OF LEAVES

Rex Begonias. L. to r. top row: Marion Louise, Baby Rainbow, Griffithi, Lucille Closson, Dew Drop; 2nd row: Husbands Favorite, Robin, It, Stone Mountain, Salamander.

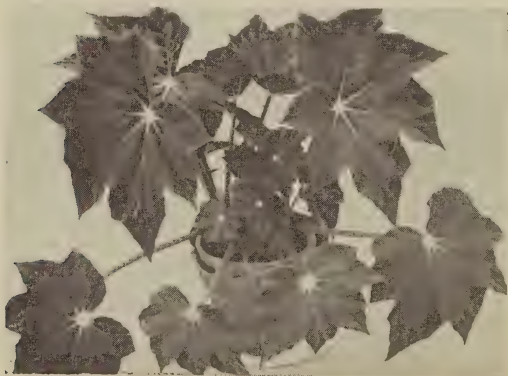

- ENGLERI. Stems covered with shaggy red hairs, upright habit. Leaves dark green, toothed, veins red. African species. \$2.00
- EPIPSILA. Low growing Brazilian species with fleshy leaves glossy green above, brown wooly beneath. Flowers white, showy seed pods. \$1.50
- GOEGOENSIS. Rhizomatous species from Sumatra with puckered peltate leaves that are bronzy green, veins lighter green. Leaf stems are square. Winter bloomer. \$2.50
- IMPERIALIS. Choice miniature with cordate leaves. Velvety leaves are two-toned olive brown and brighter green. Mexico. \$2.00
- IMPERIALIS SMARAGDINA. Like Imperialis, but with the leaves solid emerald green. \$2.50.
- LUXURIANS. "Palm-leaf" begonia; beautiful and different. \$1.00.
- MALABARICA. Very old begonia from Malabar. Leaf rich green shade. Large light pink flowers on short stems. \$1.00
- MARGUERITACEA. Like the metallic-purple leaves of Arthur Mallet. Lower growing than the latter. Blooming freely with pink flowers. \$1.50.
- MME. FANNY GIRON. A variety that does well in hanging containers. Bright crimson flowers are distinctive. leaves green, toothed, and pointed. \$1.00.
- MAZAE. Upright with round bronzy green leaves, satiny surface. Late winter bloomer. Flowers small deep pink. \$1.00.
- NITIDA ODORATA ALBA. An erect plant with smooth bright green leaves. Rose scented clusters of large white flowers. 75c
- NITIDA. Thick, glossy green leaves, with rose colored flowers. Fragrant. 75c
- ODORATA ALBA. Bushy plant with light smooth green leaves and white flowers. 75c
- OADI. Seedling of Odorata Alba. Free flowering with pointed glossy green leaves. Blossoms light pink. 75c.
- OLBIA. Smooth plant with bronzy green leaves lobed like the maple. Drooping large white flowers. \$1.00.
- ORANGE RUBRA. Like Dichroa though more erect. Showy orange flowers. \$2.50
- RED KIMBALL. Like Evansiana. Leaves red. 75c.
- RED-VEINED NELUMBIFOLIA. Lotus-leaf. Large peltate leaves, conspicuous red veins on newer leaves. \$1.00
- RICHARD ROBINSON. Semi-tuberous plant with leaves resembling the cut-leaf maple. Silver and green surface. Bushy growth. \$1.50.
- ROEZLI. Erect plant of round smooth green leaves. Light pink flowers in winter. 75c
- ROSEA-GIGANTEA. Very free flowering, from December to March, rose red, covering the entire plant. Bushy growth, leaves shiny green. \$1.50
- RUBRO-VENIA. Long tapering leaves dark green above, red beneath. Flowers white. A distinctive species from India. 75c.
- RUBRO-VENIA SILVER. Like the above, except the leaves are entirely silver green. \$1.00.
- RUBRO-VENIA SPOTTED. White spotted leaves. 75c
- SCEPTRUM. Syn. ACONITIFOLIA. Tall growing type with deeply lobed silver blotched leaves. \$2.00.
- SCHULZIANA. Miniature species from Haiti. Leaves sharply lobed. Interesting Rhizomatous. \$1.00
- SUBVILLOSA. Of easy culture. Fast growing species. Leaves soft green, ovate. Flowers white. 75c.
- TEA ROSE. Free flowering and fragrant. 50c

MANICATA AUREO CRISTA

HYDROCOTYLIFOLIA. "Pennywort"

JOE HAYDEN

TENUIFOLIA. One of the oldest known; leaves thick, deep green above, lighter beneath with light red veins; flowers profusely, delicate pink. \$1.00.

ULMIFOLIA. Erect plant with leaves of light green resembling the elm tree. 75c.

UNDINE. Bushy. Leaves crinkled. Large white flowers, fragrant. 50c

RHIZOMATOUS AND PROCUMBENT GROUP

BESSIE BUXTON. The upright Pond Lily or Beefsteak Begonia. Very free blooming light pink flowers. \$1.00.

BUNCHI. Leaves light green, crested margins. \$1.50.

CAROL STAR. Strong grower with large rhizomes. Leaves deeply slashed, star-shaped. Light pink flowers in winter. \$1.00

CHIMBORAZO. Clumpy grower. Leaves smooth light green, peltate. Easy culture. \$1.00.

CONCHAEFOLIA. Nasturtium leaved. Small Rhizomatous with slightly concave peltate leaf. \$1.00.

ERYTHROPHYLLA. Feast or Pond Lily. Leaves thick, smooth green above, red under. Light pink flowers borne well above the foliage. \$1.00.

ERYTHROPHYLLA HELIX. Spiraling form of the above. \$1.50.

FUSCOMACULATA. Creeping root-stocks lying close to the pot. Smooth chocolate spotted leaves, shallowly lobed. Profusion of light pink flowers. \$1.00.

GILSONI. Erect. Pointed leaves, toothed, smooth green. Pink blooms, appearing double. 75c

HERACLEICOTYLE syn. Mrs. Townsend. Bronzy green leaves, shallow lobes. Showy deep pink blooms. 75c

HERACLEIFOLIA. The all-green "Star-leaved" begonia. Large white blossoms. \$1.00

HYDROCOTYLIFOLIA. Pennywort or miniature Pond Lily-type. Dark green glossy leaves on short petioles. Flowers light pink. \$1.00

INVOLUCRATA. Upright growing. Leaves, very fine, hairy light green, lobed. Fragrant flowers bursting from papery envelope. A beautiful white flowered species from Costa Rica. \$1.00

JOE HAYDEN. Mazae hybrid. Leaves satiny dark bronzy green, red beneath. Flowers red in winter. Vigorous and easy grower. \$1.00

LETTONICA. Leaves shallowly lobed, light green; red margins fringed with hairs; clear pink flowers. \$1.50

LIEBMANNI. Low growing clumpy plant with silver and green leaves sharply lobed. Flowers white. \$1.00

MARIAN. Much like Ricinifolia in leaf and form. Flowers are of deepest pink. \$1.00

MANICATA. Light green leaves, smooth, toothed. Collar of fleshy hairs under the leaf sinus. Delicate pink flowers. \$1.00.

MANICATA AUREO CRISPA. Choicest of the manicata group. Leaves light green mottled yellow, crinkly margin that becomes pink in the sun. \$3.00.

MANICATA AUREO MACULATA. Like the above variety but having yellow leaf markings. \$1.50.

MAPHIL. Syn. "CLEOPATRA". Colorful dwarf rhizomatous; bushy habit; velvety chartreuse leaves suffused with deep brown; light green veins; long eye-lashes on margin; petioles green with red flecks. \$1.00

MEXICAN 275. New, unnamed variety; rhizomatous type; unusual transparent copper leaf; dark veinings. \$1.50

ERYTHROPHYLLA HELIX

BUNCHI

BOWERI

- MRS. MARY PEACE. A star begonia with deeply-slashed leaves. Flowers light pink. \$2.00
- PAUL BRUANT. Of easy culture. Free flowering in winter. Leaves fine lobed and pointed. \$1.00
- PERLE LORRAINE. Upright. Leaves sprinkled with chocolate markings. Pink flowered. 75c
- PHYLLOMANIACA. Green leaves, produces tiny plantlets on the older leaves. (syn. Jessie). \$1.00.
- REICHENHEIMI. Leaves deeply lobed, green with light bronze; large bright pink flowers. \$1.00
- RICINIFOLIA. Robust rhizomatous variety like the castor bean. New leaves rusty red. Large deep pink flowers during winter. \$1.00
- SILVER STAR. Sharply lobed leaves heavily blotched with silver. Leaves face-up on erect stems. \$1.00.
- SKEEZAR. Leaves of bright green and silver. \$1.00
- STRIGILLOSA. Mexican species with light green leaves chocolate spotted. Choice. \$1.00.
- SUNDERBRUCKI VAR. HERACALEFOLIA. "Star begonia" Deeply slashed leaves of dark green, toothed. Pink flowered in late winter. \$1.00.
- SQUAMOSA. Bright green glossy leaves, red margin; pink blossoms. \$1.00
- TEMPLINI. The variegated phyllomaniaca or Jesse. Erect branching. Leaves blotched yellow, margins tinted in sunlight. Flowers pink in winter. \$1.00.
- VERSCHAFFELTI. Erect shallow lobed leaves. Beautiful clusters of bright pink bloom during winter. \$1.00

FELTED LEAVED TYPE

- BARKERI (OLD). The variety we list here is possibly the old form of Barkeri with fleshy leaves, fine hairy beneath. Flowers pink in Winter. \$1.00
- INCANA. Gray-green felted petiolate leaves. Erect habit. Flowers creamy white, tinged pink \$2.00.
- KELLERMANI. Resembles Incana with the leaves cupped. Lower growing. Flowers light pink. \$1.00
- SOCIETY. Better known as Coriacea. Fleshy leaves appear stemless with large papery stipules. 75c
- VENOSA. Succulent silver leaf. Ivory white flowers, spice scented. \$1.00
- WOOLLY BEAR. Very dwarf, free flowering plant, with round leaves. Stems and underside, brown and woolly. Flowers white. 50c

HANGING BEGONIAS

- E. O. ORPET. Hanging type Mazae hybrid with beautiful bronzy leaves. Flowers coral in winter. \$1.50
- ELSIE FREY. Plant hugs the pot with glossy dark cordate-like leaves. Flowers pink in late winter. \$1.00
- GLABRA. Leaves are heart-shaped and light green. \$1.00
- IVY-EVER. Well suited for baskets. Small heart-shaped leaves dark green. Large blooms of showy pink. Winter blooming. \$1.00.
- LIMMINGHEI. syn. Glaucophylla Scandens. Very popular hanging type with spear-like smooth green leaves. Brilliant coral blossoms in late winter. \$1.00
- MANNI. African species. More ascending than hanging. Stems woody. Interesting different blooms. \$1.00
- MARJORIE DAW. Large leaf with pendant growth. Bright green leaves. Flowers deep pink. 75c.
- RADICANS (syn. scandens). Compact grower with small shining crinkled leaves. Tiny white flowers having an airy effect. 75c

LIMMINGHEI

VIAUDE

DI-ERNA

ANGEL WING OR CANE TYPE GROUP

- ACUTANGULARIS. Stems deeply grooved. Leaves similar to Angularis. More compact. 75c.
- ANGULARIS. Green leaves with gray veins. Stems dark red. Flowers white, small. 75c.
- ANNABELLE. Typical angel wing with light green leaves, silver-spotted, green beneath. Large drooping flower clusters of rose pink. 75c
- ALZASCO. Erect grower with very dark green leaves, faintly spotted. Deep red under. Dark red flowers. 75c
- ARGENTEA-GUTTATA. Well-known "trout-leaf" begonia. Flat leaves, pointed, heavily silver spotted. Flowers white tinged pink. 75c.
- COCCINEA. Cane type with smooth green leaves, margins red. Flower clusters coral red. \$1.00.
- CORALLINA DE LUCERNA. Constant bloomer. Large, smooth, dark green leaves, spotted. Salmon rose blooms. \$1.00.
- COMPTA. Rather tall grower. Green-gray veined leaves. Flowers white. scarce bloomer. 75c.
- DI-ANNA. Free flowering heavily-spotted cane type plant with salmon-orange blossoms. A popular variety. \$1.00
- DI-ERNA. This Dichroa Hybrid lacks the silver spots so pronounced in Di-Anna. Flowers more freely and shows greater vigor. Flowers are a deeper color than the above. An outstanding variety. \$1.00
- ELAINE. Low-growing with narrow, slightly rolled leaves of dark green, dark red beneath. Showy rose-pink blossoms in drooping clusters. \$2.00.
- GREYFEATHER. Erect growing habit with leaves pointed, lobed, and undulating edge. Gray along the veins like Compta. Flowers creamy white. 75c
- HELEN. Graceful plant with leaves of green and bronze tones. Pure white flowering Lucerna. 75c.
- HELEN W. KING. Medium growth, bronzy leaves faintly silver-spotted. Flowers pink close to stems. 75c
- INTERLAKEN. Strong grower, dark wavy green leaves. Huge clusters of dark red flowers in winter. \$1.50.
- LOBATA VARIEGATA. Low branching serrated leaves silver-spotted. Grows best in heat. 75c.
- LUGANO. Dark green pointed leaves with toothed margins. Flowers deep pink in great profusion. \$1.00.
- MME. DE LESSEPS. Easy growing hybrid with pointed lobed leaves. Out-standing are the large creamy white blossoms, pink tinged with increased light. \$1.00.
- ORRELL. Universal favorite. Long pointed light green leaves that are silver-spotted. Flowers profusely salmon-rose. \$1.00
- PRES. CARNOT. Light green leaves with faint silver spots. Flowers bright red. \$1.00.
- RED ARGENTA. Tall growing seedling of Argenta-Guttata with deep pink flowers. \$1.00
- ROSIE MURPHYSKI. Dwarf, bushy growth. Leaves silver-spotted. Margins toothed and crinkled. Flowers pink on short stems. 75c.
- SARABELLE. Smaller plant than Annabelle. Leaves have a red cast beneath. Flowers white and pink. 75c.
- SHASTA. Tall growing all-green angelwing variety. A fine white flowering Coccinea hybrid. 75c.
- SURETTA. Low growing, shiny maple-shaped leaves, light green suffused with pink; silver spotted; flowers light pink. \$1.50
- TRAILING B. SCHARFFI. Very rare; cover picture "The Begonian", Jan. 1956. \$1.50

VITIFOLIA. Grape leaf, large cluster of small whitish-pink flowers, handsome winter bloomer. \$1.00

HAIRY LEAF GROUP

- ALLERYI. A favorite in this group with leaves dark green, deeper veins. Compact grower. Flowers bright pink bearded. 75c
- ALTO-SCHARFF. Beautiful hybrid of Scharffiana. Grows more erect with longer narrower leaves, than its parent. Hairy overall. \$2.00.
- CLEMENTA. Bright green pointed leaves smoother than usual. Haageana hybrid. \$1.00
- CYPRAEA. Medium grower. Leaves mottled green to olive green. Flowers pale pink. 75c
- DROSTI. Rounded dark olive green leaves, flowers very large white with thick deep red hairs. \$1.50
- DWARF HOUGHTONI. Practically a stemless plant. Leaves hairy olive green, red beneath. \$1.00.
- LAETIVIRIDES. Leaves green, dark red under, covered with fine white hairs to give the effect of velvet. A dwarf grower, well branched, flowers white. \$1.00
- LOMA ALTA. A beautiful plant with large dark red leaves, and huge sprays of white flowers. \$1.50
- MARGUERITE. Bushy plant. Small narrow ovate green leaves with darker veins. Flowers blush pink. 75c.
- METALLICA. A Brazilian species with leaves light green and conspicuous purple veining. Very striking foliage. Medium height. 75c.
- MRS. FRED T. SCRIPPS. Vigorous plant with deeply-lobed leaves. Tiny leaflets form at the basal lobe. Whole plant coarsely hairy. Different. \$1.00
- NELLIE BLY. Bushy plant with toothed dark green leaves. Flowers pink bearded. 75c.
- PRUNIFOLIA. Erect grower. Leaves smoky green, deep red beneath. Flowers white. 50c
- SCHMIDTIANA. Miniature. Small hairy toothed leaves. Green above, red beneath with distinct band of light color at the margin. Many small white flowers. 50c
- SCHARFFI. (Syn. Haageana.) Medium, base branching. Leaves olive green, red beneath. Large clusters of pale pink flowers blooming over a long period. \$1.50.
- SCHARFFIANA. Compact plant with broad hairy leaves. Flowers pink on long arching stems. Truly a distinctive variety. \$2.50
- VESPERIA. Fine variety. Leaves larger than Marguerite lighter green. White flowered, pink bearded. 75c
- VIAUDE. Long, slightly cupped gray-green leaves low-branching. Beautiful large pure white flowers in clusters contrasted with golden stamens. \$1.00

SMOOTH RED-LEAVED GROUP

- BRAEMAR. Strong growing plant with well-rounded dark green leaves. Beef steak red beneath. Flowers white on long arching stems. \$2.00
- CHIALA. Nearly smooth lance-shaped leaves with wavy margin. Much like Mrs. Wallow. 75c.
- D'ARTAGNON. Red, lightly felted, leaf; basket type. \$1.50
- DOROTHY GRANT. Leaves cupped, dark green. Dark red beneath. Flowers white in large loose sprays. \$1.00
- FRUTESCANS. A fine variety leaves cupped red beneath. 75c.
- FRUTICOSA. Thick dark green leaves. Small white flowers. 75c.
- DWARF FRUTICOSA. Miniature form of the above. 50c

FRUTESCARIA. Cupped light green leaves, white flowers. Distinctive. 75c

MACROCARPA. Dwarf growth, well branched; deep glossy green elongated leaf, bluish pink underside; very striking African species. \$1.00

MRS. W. A. WALLOW. Lance-shaped coarsely-toothed dark green leaves, red beneath. 75c

RED COMPTA. Low-growing smooth plant with red stems and petioles. Leaves small dark red. Quite different. Red flowered. 75c

ROGERI. Odd leaves both round and lobed. 75c.

SANGUINEA. A brilliant Brazilian species with thick evergreen leaves, glossy green above blood red beneath; small white flowers. \$1.00.

THURSTONI. An old favorite, hardy grower. Leaves metallic green with dark red veins; flowers pink. 75c.

SMALL LEAVED GROUP

ACUMINATA. Small leaved species like Ingrams; dark green, toothed, flowers light pink. \$1.00

ALBO-PICTA. "Guineawing" Begonia. Species begonia with narrow spotted leaves. Flowers creamy white. 50c

ALBO-PICTA ROSEA. Like the above with pink blossoms. Leaves wider. 50c

CARPINIFOLIA. Beech leaf Begonia. Interesting species with pleated, light green leaves. 75c.

CATALINA. syn. Lady Waterlow. Graceful. Slightly hairy leaves, margins toothed. Flowers tinged pink. 50c

CORBEILLE DE FEU. Upright growth, glossy light green leaves. Flowers bright coral-red. 50c

DECKERS SELECT. Glossy leaves, heart shaped red buds, turning to pink as they open. 50c

DIGSWELLIANA. A low bushy grower with light green serrated foliage and drooping scarlet flowers. 50c

EDMONDOI. Very lovely dark green curled, serrated leaf, silver dots; reddish tinge underneath. \$1.50

FOLIOSA. The tiniest leaved begonia, often called the "Fern-leaved." A beautiful plant with notched, miniature foliage, and very small white flowers at the ends of the drooping branches. \$1.00.

FUCHSOIDES. Small green foliage, toothed. Erect and arching. Flowers bright red, pendulous. 50c

FUCHSOIDES ROSEA. Leaves green glossy. small and blunt. Rose pink blossoms in winter. 75c.

INCARNATA VAR. SANDERSI. Profuse light pink flowers in early winter. Bushy, with light green leaves. Toothed margin. \$1.50

INGRAMI. Erect bushy, with bronze green leaves, toothed. Flowers deep pink. 50c

JINNIE MAY. Medium plant erect and spreading. Leaves dark green, narrow. Deep rose flowers, drooping. 75c

LULANDI. Hybrid of Sutherlandi. Thickly branched with broader leaf than its parent. Does not go dormant. Large pink flowers. \$1.00.

MAY QUEEN. Narrow light green leaves silver-spotted. Flowers white profuse drooping clusters. 75c

MEDORA. Miniature trout leaf begonia. Bushy habit branching. Flowers light pink. 50c

PERFECTIFLORA. Resembles Undulata except that the leaf is smaller. Large white flowers. 50c

RICHMONDENSIS. Resembles Catalina; much bigger leaf and bigger grower; everblooming large bright pink flowers in winter. \$1.50

SACHSEN. Low-growing plant with pointed toothed leaves. Flowers deep pink to red depending on light. \$1.00.

- UNDULATA. Bushy plant with smooth green leaves, interesting wavy margins. Flowers white. 50c
- VEITCH'S CARMINE. Medium plant with smooth pointed leaves, light green tinged at the margins. Beautiful large carmine blossoms. \$1.00.
- WASHINGTON STREET. "Peachleaf" begonia. Erect plant, showers of white blooms. 50c
- WINTER JEWEL. Low bushy plant with frosty green leaves, toothed. Minute pink flowers covering the plant during winter months. \$1.00

WAX OR ROSE BEGONIAS (semperflorens)

These varieties require an abundance of light. Our potting mixture contains equal parts peat moss, sand, and soil rich in humus. Spaghnum moss is also an excellent growing medium. Top pinching will encourage basal growth and well-branched compact plants. Feed once a month with any good liquid fertilizer.

RED LEAVED DOUBLES

Ernest Kimball Logee Hybrids

- BALLET. Finest double white. Beautiful contrast to the bronze foliage. Plants are neat and compact. Extra strong grower and very free flowering. \$1.00
- BO PEEP. A gem. Dark bronze leaves with dark pink, extra double flowers. Very free flowering. \$1.00
- ERNEST K. The darkest foliage of all the Logee introductions with rose-red flowers. Flowers and foliage are richly contrasted. Much admired. \$1.00
- JACK HORNER. Extra strong free flowering variety with rose pink flowers resembling a miniature camellia. Makes an excellent basket plant. \$1.00
- JOAN STRONG. Semi-dwarf, bushy plant with red foliage. Large double pink flowers. Very showy. \$1.00
- LUCY LOCKET. Super double bright pink blooms. Leaves light bronzy green. Plant of great vigor. \$1.00
- LUSCIOUS. Graceful plant with airy light pink flowers shading to white in center. Foliage has a slightly green overcast lending a striking contrast. \$1.00
- OLD LACE. Large rose pink blossoms with many lacey petals. Profuse winter flowering. \$1.00
- WINKIE. Most compact of the group. Covered the year around with large old rose double and multiple double flowers. \$1.00

RED LEAVED THIMBLE HYBRIDS

- CINDERELLA. Sport of Firefly. Blossoms growing pink, crested, varying in season to pink overlaid with yellow. Tips of blooms cherry red. Branches well, free flowering. \$1.00
- CURLY LOCKS. Dark bronze foliage, semi-upright. Flowers shaped like a thimble, bright sulphur yellow with bracket of pink on upper petals. \$1.00
- FIREFLY. Crested coral red flowers cover the entire plant; beautiful contrast to dark bronzy foliage. \$1.00
- PERRYANN. Dark red foliage, thimble-shaped flowers of large exquisite pink. Very showy. \$1.00
- PIED PIPER. One of the loveliest creations. Dwarf bushy plant with very dark foliage covered with clusters of crested pink flowers. \$1.00
- PISTACHIO. Very dwarf. Center of thimble lovely light green changing to yellow as the blossoms mature. Outer petals light pink. Most interesting type. \$2.00

CALLA LILY

BALLET

EXQUISITE

ROBIN HOOD. A gem. Bronze foliage, dwarf habit. Soft pink flowers with red eye completely cover the plants. \$1.00

STOP LIGHT. Dark red with raised center of maroon that stops the eye; glossy dark foliage. \$2.00

THIMBLEBERRY. Glossy dark foliage, dwarf habit. Flowers hang in rich clusters resembling red ripe fruit; color changes from dark red to light red and yellow as the season changes. \$1.50

GREEN LEAVED DOUBLE SEMPERFLORENS

DAINTY MAID. Striking two-toned color; center of fully double flower pure white, outer petals and edges tipped with rose pink. 50c

GREEN LEAVED THIMBLEBERRY. A special hybrid originated by Ernest K. Logee for those who like the plain green leaf with the same beautiful thimbleberry type flower. Profuse bloomer. \$1.50

NEW HAMPSHIRE HYBRIDS. Originated by Prof. W. D. Holley. All double semi-dwarf free flowering. Separate colors red or pink. 50c each

PINK WONDER. Dwarf upright, compact habit, green foliage. Gorgeous double pink flowers of immense size. Most spectacular. \$1.50

SNOW WHITE. Dwarf, double white flowers with green foliage. 75c

CALLA LILY BEGONIAS

These varieties should have all the light possible; do not over-water. Repot in slightly larger pot using either light compost soil or sphagnum moss. Fertilize only when pot is full of roots using any good organic fertilizer. Keep away from drafts.

CALLA LILY. Old-fashioned variety with single red flowers. Green and white leaves. \$1.50

CALLA QUEEN. Extra strong grower. Large green leaves at base; new leaves pure white forming a perfect miniature calla lily. Large single rose pink flowers. Young plants all green. \$1.50

CALLA LILY DOUBLE PINK. New. Beautiful green and white foliage with luscious all double light pink blooms. Very striking. \$2.00

CHERRY SUNDAE. New Double Red Calla Lily. Very thrifty grower, profuse bloomer; large cherry-red flowers; in warm weather pure white leaves and stems appear; more vigorous than other Calla Lily begonias. \$2.50

CHARM. Our 1957 introduction. A charming dwarf with leopard-like patches of cream and gold on bright green leaf; light pink blossoms; striking. \$1.00

TUBEROUS VARIETIES

EVANSIANA. Asiatic species. Broad green leaves, red-veined with showers of true pink flowers. Excellent for shade garden. 75c.

FROEBELI. Stunning species from Ecuador. Broad gray-green velvety leaves. Very showy scarlet blossoms. Winter flowering. \$5.00

HELENE HARMS. Multiflora; double canary-yellow flowers. Very showy. Dormant in winter. \$1.50

MARTIANA. The "Hollyhock" Begonia. Large showy pink flowers close to the stem. Dormant in winter. \$2.00.

SOCOTRANA. One of the parents of the "Christmas" Begonias. Shining peltate leaves, many single light pink flowers. Shipped in autumn. \$1.50

SUTHERLANDI. Small, narrow, toothed leaves; flowers light orange. Good for hanging baskets. Dormant in winter \$1.00

BEGONIAS

First Row, Left to Right: Boweri, Baby Rainbow, Richard Robinson, Erthrophylla helix, Aridicaulis, Argentea guttata, Foliosa, Sutherlandi, Dorothy Grant.
Second Row, Left to Right: Ascetosa, Pink Spot Lucerne, Silver pustulata, Fusco maculata, Medora, Elaine, Ricky Minter.
Third Row, Left to Right: Mrs. Fred T. Scripps, Dancing Girl, Joe Hayden, Urophylla, Tamo, Skeezer, Rogeri.

Rex Begonias

(See Pages 2, 4, 6 and 7)

1. Merry Christmas, Can-can, Duarte
2. Capt. Nemo, Curly Fireflush, Patsy
3. Glory of St. Albans, Filigree, Ella Marguerite

Sunset Ivy Geranium

(See Page 34)

Begonia Charm
(See Page 28)

Skies of Italy Geranium
(See Page 32)

Begonia Incarnata
Var. Sandersi

Star of Bethlehem
Campanula Isophylla Alba

SEMI-TUBEROUS VARIETIES

- DREGEI. Small maple-like leaves of bronzy hue, shallow lobed, white flowers, blooming freely. 75c
WELTONIENSIS. Bushy habit, leaves small, toothed. Flowers pink. 75c
WELTONIENSIS ALBA. Leaves round and shallowly lobed. Erect. 75c
MACBETHI OBTUSA. Green-leaves, white flowers, blooming freely. 75c

HIEMALIS HYBRIDS

(Christmas or winter-flowering Begonias)

These will grow and bloom best in a well lighted window; occasional turning of the plant will prevent one-sided growth. Water carefully—never allow plants to become dry but never let water stand in the saucer. Best potting mixture is equal parts peat moss, sand, and soil rich in humus. Leaf mould is excellent as well as decayed cow manure—especially where soils are heavy. Add to the above mixture a three inch pot of complete (organic) fertilizer per bushel of soil

- ALTRINCHAM PINK. The most beautiful; flowers rose-pink, like rosebuds, fully double and long lasting. Blooms through Christmas. \$2.00
EMILY CLIBRAN. The best of the "Winter Flowering" begonias. Large double salmon-pink blossoms. \$2.00
EXQUISITE. Dogwood pink; foliage very distinctive; large reddish-bronze leaves. \$2.50
FAIRY. Misty tones of green on small curved tomentose leaf; delicate pink double and single blossoms. "Out-of-this-world". \$2.00
GLOIRE de SCEAUX. Very early flowering with rose-pink blooms; leaves rich bronze, very round. \$3.50
MAN'S FAVORITE. Dogwood white offset by deep green foliage. \$2.50
MRS. ROBERTS. Lovely ivory cream, double rosebud; very prolific. \$2.00
NELLIE VISSER. Double scarlet rosebud; very early flowering. \$2.00
PINK PERFECTION. Blush rose, fully double very long lasting flowers. \$2.00
ROSE QUEEN. Extra strong grower, semi-double brilliant rose suffused with red; contrasting green foliage. \$2.00
SNOWDROP. Snowy white double flowers. \$2.00
THE PRESIDENT. Red flowers, three inches across. Most brilliant Christmas. Excellent house plant. New. \$2.00

GERANIUMS

All geraniums 50c except where noted

SCENTED-LEAVED

Rose Scented

- GREY LADY PLYMOUTH, *P. graveolens*. Regular rose leaf with silver gray cast.
LADY PLYMOUTH, *P. graveolens*. Variegated, irregular shaped leaf.
LARGE-LEAVED ROSE, *P. capitatum*. Large coarse deeply lobed leaf.
MINT-SCENTED ROSE, *P. graveolens* var. *variegatum*. The "variegated" rose geranium.
ROBER'S LEMON ROSE, *P. graveolens*. Strong rose scent. Irregularly lobed leaf.
SNOWFLAKE. Similar to above but with white flecks in leaf.

TRUE CAPITATUM, *P. capitatum*. A new variety from South Africa. Round tomentose, dentate leaf with strong rose scent.

TRUE ROSE, *P. graveolens*. Old fashioned rose. Lavender blooms.

Lemon Scented

DR. LIVINGSTON (Skelton Rose), *P. graveolens*. Deeply cut rose leaf with strong lemon scent.

GOOSEBERRY-LEAVED, *P. grossularioides*. Crispum leaves mottled yellow. Strong fragrance.

LEMON CRISPUM, *P. crispum*. Tiny crinkled leaves, pyramidal shaped. Strong lemon scent. The finger bowl geranium.

LEMON CRISPUM MINOR. Smaller leaves than above. \$1.00

LEMON. *P. limoneum*. Extra strong lemon scent. Attractive rose pink blooms.

LEMON BALM. *P. Mellissium*. One of the best lemon scented.

PRINCE RUPERT, *P. crispum*. The largest leaved in Crispum group. Strong lemon scent.

VARIEGATED PRINCE RUPERT, *P. crispum* var. *variegatum*. Beautiful cream and white leaf. 75c

Fruit and Spice Scented

APPLE, *P. odoratissimum*. Round leaf trailing variety. Delightful fragrance, tiny white blooms.

APRICOT, *P. scabrum*. Deeply cut glossy leaf. Strongly scented. Lovely dark rose blooms.

COCOANUT, *P. parviflorum*. Small round leaves. Trailing habit. Tiny magenta flowers.

FILBERT, *P. Concolor*. Small deeply lobed tomentose leaf. Crimson blooms in profusion in Spring. Strong filbert scent.

GINGER, *P. torento*. Small round dentate leaf with grey cast. Beautiful large lavender blooms. Very pleasing fragrance.

LIME, *P. nervosum*. Similar to the above. Leaves smaller and more dentate.

LOGEEL, *P. fragrans* x *odoratissimum* hybrid. Compact upright growth. Deeply lobed grayish leaf with old-spice fragrance.

NUTMEG, *P. Fragrans*. Small grayish strongly scented leaf. Small white blooms. A very popular variety.

ORANGE, *P. citriodorum*. Medium crenate leaves. Marvelous scent and beautiful blooms of white, lavender, and maroon.

SOUTHERNWOOD LEAVED, *P. abrotanifolium*. Feathery — like leaves on tall stems. Fragrance and growth like old fashioned Southernwood. Small white and red blooms.

STRAWBERRY. (Countess of Scarborough) *P. scarborovide*. Small glossy deeply cut leaf. Bright rose blooms. Choice. 75c

UPRIGHT COCOANUT, *P. patulum*. New specie from South Africa. Small deeply lobed leaves with dark zone. Yellow flowers freely produced on long stems. Pleasant cocoanut fragrance.

Peppermint Scented

JOY LUCILLE, *P. tomentosum* x *graveolens*. Large deeply lobed leaf with same velvety texture as peppermint with strong mint scent and pink flowers. A tall vigorous grower. One of our own hybrids.

- PEPPERMINT, *P. tomentosum*. Old fashioned peppermint geranium. Large, lobed velvety leaf with strong peppermint odor. Feathery white blooms.
- PUNGENT PEPPERMINT, *P. denticulatum*. Deeply cut skeleton-like leaf with grey velvety appearance. Taller grower. Flowers white, like peppermint. Mint scent. A very lovely variety.

Pine Scented

- FERN-LEAF, *P. filicifolium*. Leaf finer cut and fragrance stronger.
- PHEASANTS FOOT, *P. viscosum*. Cut-leaf with toothed edge. Bright attractive rose blooms, pine fragrance. \$1.00
- PINE SCENTED, *P. denticulatum*. Finely-cut and dentate leaf. Lavender blooms and strong odor. An attractive variety.

Pungent Scented

- BEAUTY, *P. quercifolium*. Pretty deeply lobed leaf with dark center. Lavender rose flowers freely produced.
- BLANDFORDIANUM, *P. graveolens* x *echinatum*. Deeply cut grey leaf. Wiry growth. Attractive white blooms with dark markings. An interesting variety.
- BRILLIANT. Another beautiful flowering variety with large toothed leaves and crimson blooms. Compact growth.
- CLORINDA. Lady Washington type. Large rose pink blooms with carmine dark markings. Leaves large slightly lobed, pleasant pungent.
- CROWFOOT, *P. radula*, cut leaf variety with greyish cast. Blooms freely, attractive lavender pink.
- FAIR ELLEN, *P. quercifolium*. The best of the oak-leaf varieties. Medium sized oakleaf with dark zone. Shrubby growth. Attractive rose blooms.
- GIANT OAK, *P. quercifolium giganteum*. Large, lobed, coarse leaf. Tall growth. Bright rose blooms.
- GODFREY'S PRIDE. Fairly large lobed light green leaf. Coarse texture. Sweet apple-mint fragrance. Lavender rose blooms.
- GRAPE-LEAF, *P. vitifolium*. An interesting variety with large grape-leaf foliage. Lavender flowers.
- MRS. KINGSLEY, *P. rapaceum*. Similar to the above. Leaves more curled. A choice variety.
- MRS. TAYLOR, *P. ignescens*. Deeply lobed cut leaf. Free blooming scarlet. One of the best.
- OLD SCARLET UNIQUE, *P. fulgidum*. Beautiful deeply cut grayish leaf, oblong shape. Brilliant red blooms on long stems.
- PRETTY POLLY (Almond-scented), *P. quercifolium*. Attractive deeply lobed green leaves, with dark center. Lovely pink blooms.
- ROLLINSON'S UNIQUE. A beautiful variety with slightly curled and ruffled leaves. Showy magenta blooms. Balm fragrance.
- SHARP TOOTHED OAK. *P. Quercifolium Pinnatifidum*. Purple marked medium sized leaf; pale pink flowers.
- SHRUBLAND ROSE. Heavy, cut, glossy leaf; red blooms.
- SKELTON'S UNIQUE, *P. quercifolium*. Leaf wavy and slightly lobed with dark center. Prostrate growth. Lavender blooms.
- STAGHORN OAK, *P. quercifolium*. Deeply lobed medium leaf with purple veining. Pink blooms. A fine variety.
- VILLAGE HILL OAK, *P. quercifolium*. Deeply lobed crenate leaf with pleasant scent. Blooms small lavender.

FANCY-LEAVED

- ALPHA. Golden dentate leaf with narrow brown ring. Dwarf compact growth. Free blooming single red. Extra fine for the house.
- BECKWITH PRIDE. Mottled green and white foliage. Flowers large semi-double salmon red. Unique. \$1.00
- CLOTH OF GOLD. Pure gold leaf. Single red blooms.
- CRYSTAL PALACE GEM. Gold leaf with light green center. Blooms same as above. Very pretty. 75c
- DAMON'S GOLD LEAF. Large gold leaf, center bronze-red; single salmon-pink blossoms. \$1.00
- DISTINCTION. Dark green leaf with crinkled and dentate edge with a very distinct brown ring. Umbels of bright red blooms. A truly distinctive variety. 75c
- FLOWERS OF SPRING. The variegated green and white geranium. Blooms single red.
- FRUTETORUM. A pretty dark zoned variety with beautiful single salmon pink flowers in abundance.
- GOLDEN ORIOLE. Dwarf. Markings same as Alpha but pink flowers.
- HAPPY THOUGHT RED. Ruffled leaf with yellow center and white-green margins. Single red blooms. An old favorite. 75c
- HAPPY THOUGHT PINK. Pink flowered variety of the above. Rare. \$1.00
- HILLS OF SNOW. Silver grey leaf with narrow white margin. Blooms double light pink. A free bloomer.
- JUBILEE. Yellow green leaf with wide chocolate zone. Single Salmon pink blooms. A very beautiful variety.
- LADY POLLOCK. Beautifully colored tricolor leaf of green, red, orange, and yellow. An old popular variety. \$1.50
- MARECHAL MacMAHON. Blooms single red, yellow-green leaf with narrow chocolate zone.
- MARY ANN. Pretty green and white variegated leaf. Blooms single red.
- MISS BURDETT COUTTS. The most beautiful of the tricolors. Leaf with cream edge and green center, purple zone splashed with pink. Very choice. \$2.00
- MOUNTAINS OF SNOW. Similar to the above. Leaves smaller, crinkled and cupped.
- Mme. SALLEROI DWARF. Another variegated leaf dwarf variety much used for edging.
- Mme. SALLEROI UPRIGHT. A taller growing variety of the above. Small single pink blooms. Very pretty. 75c
- MRS. COX. Brilliant zones of yellow, red and pink. \$2.50
- MRS. CULLUM. Leaf similar to the above. \$1.00
- MRS. LANGUTH. A fine variegated cream and white variety with double cherry red blooms. 75c
- MRS. PARKER. Blooms double light pink. Choice. \$1.00
- SKIES OF ITALY. Most brilliantly colored of the tricolors. Distinguished from Mrs. Pollock by its irregularly lobed leaf. Single orange red blooms. \$1.50
- VARIEGATED S. A. NUTT. The variegated form of the double dark red flowered commercial variety. Green leaf splashed with white. \$2.00
- VERONA. Pink flowered Cloth of Gold.

DWARF

- BLACK VESUVIUS. Small leaves of dark olive; large single scarlet blooms. \$1.00
- BROOKS BARNES. Dark Foliage with salmon-pink flowers. \$1.00
- DOC. Semi-dwarf with bright red flowers. \$1.00

DOPEY. Semi-dwarf, strong grower, bright scarlet flowers. \$1.00

FILIGREE. Tri-color large cut leaf, salmon-pink single flowers. \$2.00

LITTLE DARLING. Small green leaves; tiny single pink flowers.

MME. FOURNIER. Small olive-green leaf; small single red flowers.

PIGMY. The tiniest of all; small green leaves with tiny double bright red flowers. \$1.00

PIXIE. Old favorite; salmon-pink single flowers. \$1.00

RED BROOKS BARNES. Dark foliage with red flowers. \$1.00

ROBER'S LAVENDER. Large orchid flowers. \$1.00

ROBER'S RED. Strong grower, double red flowers. \$1.00

ROSY DAWN. Dark foliage; double salmon flowers. \$1.00

SCARLET O'HARA. Semi-dwarf; bright red single flowers.

SPRITE. Tiny tri-color round leaf. \$2.00

TWEEDLE DEE. Pretty leaf; single light pink flowers. \$1.00

TWEEDLE DUM. Single dark-pink flowers. \$1.00

OTHER INTERESTING TYPES

ALLIANCE. Half-ivy; double pastel pink flowers opening like tiny rosebuds. \$1.00

APPLE BLOSSOM. A pink and white rosebud. Very beautiful.

BIRDS EGG. Lavender pink with dark pink dots. \$2.00

DOMESTICUM GRANDIFLORUM. Species from So. Africa; one of the original "Lady Washington's"; small toothed lobed leaves, relatively large pale orchid flowers with darker splashes on upper petals. \$1.00

DOUBLE NEW LIFE. Semi-double blooms striped red and white. Also called "Stars and Stripes" and "Flag of Denmark". \$1.00

FORMOSA. Unusual shaped leaf with bright pink deeply fringed blossoms. \$2.00

INQUINANS. Species from Africa; one of the ancestors of the modern garden geraniums; single orange-red flowers. \$1.00

IRMA. Small double salmon blossoms with white center; ivy-like foliage. \$1.00

MME. THIBAUT. Picotee edge. Flowers white with pink-blush. 75c

MR. WREN. Unusual bright pink single blossom edged with white. \$1.00

MRS. LAYAL. Old-fashioned "Pansy" geranium; purple and white pansy like blossom.

NEW LIFE. Three different types of blooms often seen on the same plant. Blooms usually red with white flecks sometimes white with red or white with pink center.

NOEL. A new fine white in the poinsettia group. Wonderful winter bloomer.

PINK ROSEBUD. Clusters double pink blooms.

POINSETTIA Scarlet, shaggy blooms like a miniature poinsettia. \$1.00

POINSETTIA PINK. Like the above flowers shell pink. 75c

RED ROSEBUD. Clusters of tiny double blooms, like miniature roses.

ROSETTE. Blooms as above but of a magenta color.

SWEET WILLIAM (Jeanne). Single pink blooms with picotee edge. Leaves ivy-green. Dwarf compact growth. 75c

Single

- BARBARA HOPE. Large salmon pink. \$1.00
BATTLE OF GETTYSBURG. Beautiful orange center shading to violet edge. \$1.00
GERTRUDE PEARSON. Lovely light pink with white eye. \$1.00
HARRIET ANN. Beautiful salmon pink center shading to white. \$1.00
JEAN VIAUD. Semi-double light pink with white center. 75c
MAXIME KOVALESKI. Rich orange. Very beautiful. \$1.00
SNOWFLAKE. White with tinge of pink. \$1.00

Double

- ALWAYS. Double pastel pink flowers with pink veins. \$1.00
BETTER TIMES. A new shade of Cherry Red. 75c
DOUBLE APPLE BLOSSOM. An old favorite, lovely soft pink and white.
DOUBLE DRYDEN. Cherry red with white eye. \$1.00
DREAMS. A beautiful salmon pink. Free bloomer. Dwarf growth. \$1.00
GLAMOUR. Double deep-rose with white center. \$1.00
LULLABY. "Peaches and Cream"; two-toned dark center, light edge. \$1.00
Mme. BUCHNER. Fine double white. 75c
MONTMART. Double Violet. \$1.00
PRINCE OF ORANGE. Double orange. 75c
RADIANCE. Double bright pink with white center. \$1.00

Ivy Geraniums

- SUNSET IVY (L'Elegante). Variegated ivy leaf with tints of pink when grown in the sun. Very choice. Lavender pink blooms. \$1.00
VARIEGATED IVY. A lovely variegated ivy geranium with single pink blooms.

CACTUS, TUBEROUS ROOTED AND RARE

Very interesting group. Most of the species grow from so called tubers, or fleshy roots. Dormant during the summer months for us, and through this period they should be kept dry. Growth starts in the early Fall. Water sparingly, gradually increasing the amount until full growth. Requires copious watering in flowering period, which for us is from January to June on most varieties. The tubers can be re-potted as required in sandy soil, adding bone meal for fertilizer.

- APSIFOLIUM. Celery-leaved "Storksbill"; large ruffled divided grey-green leaves; climbing habit; flowers similar to Glaucifolium; evening scented. \$3.00
ARDENS. Like Glaucifolium with garnet red flowers. \$3.00
ASCETOSUM. Climbing habit, small scalloped, cupped leaves, silver green. Flowers variegated single salmon pink. Very choice. \$1.00
CRITHMUFOLIUM. Very thick stemmed; foliage finely divided and lacy; small white flowers with red stamens; very choice. \$3.50
ECHINATUM. The Sweetheart Geranium. The most popular in this class. Leaves grey green. tomentose under, short fleshy stems with spine like stipules. Flowers on slender stems, single white, each petal marked with red. Splendid for house culture. \$1.00
FULGIDIUM. Celandine-leaved Storksbill; leaves like wild celandine, wooly and grey, giving a frosty appearance; thick stemmed; flowers scarlet; choice. \$2.00

- GIBBOSUM.** The Knotted Storksbill. Lovely grey green foliage, stems fleshy and knotted at the joints. Greenish-yellow flowers. Evening scented. Choice. \$1.00
- GLAUCIFOLIUM.** The Black Flowered Geranium. Leaves large and ruffled, pinnately divided. Flowers on long stems above the foliage, striking maroon color, edged with gold, sweetly scented in the evening. Rare. \$2.50
- RENEFORM.** Grey furry foliage; much branched, low growing; easiest to grow. \$1.00
- SCANDENS.** Climbing Geranium. Round, glossy green. slightly zoned leaf. Huge umbels of single lavender flowers. 50c
- STAPELTONI.** Carmine flowers, large purple spots. Leaves have a soft velvety texture. Choice. \$2.00
- TETRAGONUM.** Unusual type with quadrangular stems, round thick leaves, with faint dark zone. Single four petaled flowers, rose and white. \$1.00

ABUTILON

CHOICE PLANTS FOR THE HOME AND CONSERVATORY

- ABUTILON.** Flowering Maple. We offer our own special selection of large flowered hybrids. Maple leaf foliage, bell shaped flowers. Red, yellow, orange, copper, salmon, pink, old rose and white. \$1.00
- ABUTILON MEGAPOTANICUM VARIEGATA.** A fine basket plant with yellow and green mottled foliage; flowers yellow with red calyx. \$1.00
- ABUTILON THOMPSONII.** Upright growth with yellow and green mottled foliage; flowers orange in open formed bell. \$1.00
- ACACIA BAILEYANA.** Lacy fern-like silver foliage; fluffiest of all the Acacias; beautiful yellow flowers in winter. \$5.00
- ACACIA FLORIBUNDA.** Sidney Golden Wattle; fluffy yellow flowers at ends of branches; seeds sent us from Australia flowered well at 2 years. \$3.00
- ACALPHA WILKESIANA OBOVATA.** Green leaves with white edge. Ornamental. \$2.00

- ACHIMENES. Upright or drooping bulbous plants allied to gloxinias. Flowers in summer. Tubers resemble alder catkins. Pansy-like flowers, small hairy leaves. Mixed colors. 6 bulbs for \$1.00. Shipped while dormant.
- AECHMEA HYBRID. "Forsters Favorite". One of the finest of the "living vase plants". Wine-red, shiny leaves; Drooping flowers of amazing color, brilliant red berry with deep blue flowers, in winter. \$2.00
- AGATHEA COERULEA. "Kingfisher Daisy". S. Africa. Sky-blue flowers; for cool greenhouse. \$1.00
- AGLAONEMA COMMUTATUM. Variegated "Chinese Evergreen"; white markings on deep green leathery leaf. \$2.00
- AGLAONEMA MODESTUM. "Chinese Evergreen". Shiny broad leathery pointed leaves; nice for arrangements; a good water plant. \$1.00
- AICHRYSON DOMESTICUM VARIEGATA. "Youth and Old Age". Lovely green and white foliage, pinkish tinge in sunlight. \$1.00
- ALLAMANDA WILLIAMSII. One of the finest climbing plants in cultivation and deserves a place in every greenhouse or sun room. Leaves are a rich dark green, flowers golden yellow, cup shaped about four inches across. Flowering period in spring and summer. \$2.00
- ALLOPLECTUS LYNCHII. New. Leaves a rich maroon red. Very attractive bushy plant for the shade. \$2.00
- ALSTROMERIA PULCHELLA. Brazilian Lily. Small lily like flowers of amazing color; green and red in upright umbells. Soft bright green foliage. Flowers in the Spring and early summer. Hardy out of doors with protection. Generous clump of fleshy bulbs. \$1.00
- AMARYLLIS BELLADONNA. Flowers first, summer or fall; foliage follows; intense fragrance; very rare. \$3.50
- ANTHERICUM VARIEGATUM. Spider plant, St. Bernard lily, hardy decorative house plant. 75c
- ANTHURIUM ANDREANUM. Larger growing species; long lasting flowers. \$5.00
- ANTHURIUM SCHERZERIANUM. "Tail Flower". The finest variety for house culture, dwarf habit, evergreen leaves, with showy spathe like flowers of scarlet sometimes covered with white dots. A continuous bloomer, the flowers lasting for many weeks. Flowering sized divisions. \$5.00
- ARDISIA CRENULATA. Evergreen shrub suitable for pot culture. Narrow shining leaves with holly-like berries that remain for a long time. \$2.00
- ASPIDISTRA VARIEGATA. "Barber-Shop" plant; very easy to grow; green and white leaves. \$3.50
- AUCUBA JAPONICA VARIEGATA. "Gold Dust" plant; large glossy green leaves sprinkled with gold; suitable for difficult growing conditions. \$1.50
- BANKSIA ROSE. Climbing rose of China. Clusters of all double white blooms. Rare. \$2.00
- BELOPERONE. Shrimp Plant. Everblooming, golden bronze sheaf, protruding tiny shrimp flowers. 75c
- BILLBERGIA NUTANS. The friendship plant. Flowers emerge from the crown of spathe like leaves, sheath bright rose, flowers green and yellow striped. One of the most interesting early spring flowers. 75c
- BLACK CALLA. We offer fine flowering sized bulbs of this exquisite plant. Leaves and flowers are often used in flower arrangements. Foliage a rich dark green, typical calla lily flower of a rich black velvet color. \$2.00

MARANTA TRI-COLOR

FITTONIA ARGYRONEURA

LIGULAVIVA KAEMPFERI VAR. AUREO MACULATA

- BORONIA MEGASTIGMA:** Scented Boronia. This rare gem from Australia has sweetly scented blossoms of purple-brown externally, inside petals, old-gold. Fern-like foliage. Must have cool growing conditions, sun and acid soil. Strong plants. \$5.00
- BOUGAINVILLEA.** We offer three beautiful colors in this bright free flowering plant. Adapted for the conservatory or window garden. Requires full sun and ample water during the flowering period from late winter to summer. Strong plants in salmon, crimson or lilac. \$3.00
- BOUVARDIA ALBATROSS.** White flowering, fragrant. \$2.00
- BOUVARDIA FIRE CHIEF.** Unusually beautiful; quantities red flowers; full sun or semi-shade. \$2.00
- BOUVARDIA GIANT PINK.** \$2.00
- BOWEIA VOLUBILIS.** The Climbing Onion. Succulent bulbs, producing during winter feathery green tendrils. Rare. \$1.50
- BRUNFELSIA-CALYCINA.** "Chameleon" plant; flowers size and color of blue violets fading to white; sweetly scented; fine greenhouse shrub. \$3.50
- CALATHEA ARGYRAEA.** Silver-leaf maranta. \$3.00
- CALATHEA LIETZEL.** Distinctive "feather" of light green on dark green leaf; underneath purple. \$1.50
- CALATHEA MAKOYANA.** "Peacock Maranta". Olive-green round leaves; low growing. \$3.50
- CALATHEA ROSEO-LINEATA.** Striking narrow green and pink stripes. \$3.50
- CALATHEA ZEBRINA.** Large dark feathered velvety leaf; purple underneath. \$5.00
- CALLIANDRA.** "Powder-puff" plant; beautiful greenhouse shrub; feathery, graceful foliage. \$3.50
- CAMPANULA FRAGILIS.** Star of Bethlehem. Larger, light blue flowers. \$2.00
- CAMPANULA ISOPHYLLA ALBA.** Star of Bethlehem with white flowers. 75c
- CAMPANULA ISOPHYLLA MAYII.** Star of Bethlehem. Trailing plant with star shaped blue flowers. 75c
- CAREX VARIEGATA.** A pleasing little dwarf plant, with striped green and white grass like foliage. 75c
- CARISSA GRANDIFLORA.** "Natal Plum"; bright green glossy foliage with waxy, white fragrant flowers. \$2.00
- CEROPEGIA THORNCROFTII.** Trailing vine heavier than "Rosary Vine" with larger white flowers. \$1.00
- CEROPEGIA WOODI.** The Rosary Vine, small succulent, heart shaped, grey leaves of trailing habit. Interesting flowers of maroon. Fine for the window garden. \$1.00
- CHAMAELAUCIUM Ciliatum,** Cameo Pink, Geraldton Wax Flower, shrubby fragrant foliage, showy pink and white flowers. Rare. \$5.00
- CHAMAERANTHEMUM GAUDICHAUDII.** Similar to "Prayer plant"; smaller leaved; rare. \$2.00
- CHIRONIA.** Blue-grey foliage like Dianthus; pink flowers in summer. \$1.00
- CHORIZEMA CORDATUM.** Australian Flame Pea or Flowering Oak. Small holly-like leaves. Flowers orange-red with purplish keel in open loose racemes. Very choice. \$2.00
- CITRUS OTAHEITE.** "Dwarf Orange"; ornamental plant often has dozen oranges; fruit will stay on for 2 years if well cultured. \$3.00
- CLERODENDRON UGANDENSE.** A shrublike plant, bearing panicles of bright blue flowers during winter and early spring. Likes sun and ample water during growing season. Ideal for the small greenhouse or sunroom. \$2.00

PASSIFLORA

HOYA AUSTRALIS

- COLEUS SPICATUS. New plant from southern India; soft fuzzy scented foliage; lovely purple flowers from fall to spring. \$1.00
- COLUMNEA GLORIOSA. Nice basket plant; very fine red hairy foliage; red flowers. \$3.00
- COLUMNEA SCHEIDEANA. Trailing plant of the Gesneria family resembling Trichosporum. Flowers tubular scarlet. Leaves fleshy and small. \$2.00
- CONVOLVULUS CNEORUM. Silver bush morning glory; dwarf shrub; beautiful silver-blue foliage. \$2.00
- COPROSMA BAUERI ARGENTEA. "Mirror Plant"; small cool-growing greenhouse shrub; beautiful glossy green foliage. \$2.00
- COPROSMA BAUERI ARGENTEA VARIEGATA. Most beautiful; varying shades white, silver, and pink. \$3.00
- CORONILLA. "Crown Vetch"; small shrub; flowers bright yellow like Genista in winter. \$2.00
- COSTUS SANGUINEUS. "Spiral Plant"; olive-green leaves with silver veins; red underneath. \$3.50
- COSTUS ZEBRINUS. "Stepladder Plant"; light green. \$3.50
- CROSSANDRA UNDULIFOLIA. Tropical India; excellent for the house; glossy foliage; beautiful pastel orange flowers; blooms best in warm sun. \$2.00
- CRYPTANTHUS BIVITTATUS. Pinkish-bronze leaf pale green bands. \$1.00
- CRYPTANTHUS BROMELOIDES TRICOLOR. Striking variegated ivory white on green with sunset rose. \$5.00
- CRYPTANTHUS ROSEUS PICTUS. Flat reddish star with rosy stripes. \$1.00
- CRYPTANTHUS ZONATUS. Brownish-green with tan striping. \$2.50
- CUPHEA HYSSOPIFOLIA. "Elfin Herb". Shrubby plant having fine needle like foliage, tiny light lavender flowers blooming over a long period. \$1.00
- CYANOTIS KEWENSIS. Small trailing variety with dark green leaves, densely brown-hairy. Very choice. \$1.50
- CYANOTIS SOMALIENSIS (Pussy Ears). Miniature trailing plant resembling the inch plant. Hairy wedge-shape leaves. Flowers blue or light purple. Likes sun and heat. \$1.00
- CYCLAMEN NEOPOLITANUM. Baby Cyclamen—tiny rose pink flowers, often sweetly scented. Leaves mottled. Rare. \$1.00
- CYPERUS ALTERNIFOLIUS. Umbrella Plant. Aquatic. \$1.00
- CYPERUS DIFFUSUS. Dwarf "Umbrella Plant"; steel-green leaves; not shiny. \$2.00
- CYPRIPEDIUM HARRISIANUM. Mahogany colored; fall flowering. \$5.00
- CYPRIPEDIUM INSIGNE. Brown orchid or lady slipper orchid. \$3.00
- DAPHNE ODORA. Compact shrub; glossy camellia-like leaves; very fragrant flowers Nov. to March; lovely house plant. \$5.00
- DIEFFENBACHIA PICTA R. ROEHRSI. Leaf almost entirely yellow; green border with blotches of ivory; striking; excellent keeper. \$3.50
- DIOSMA REEVESII. "Breath of Heaven"; delightful pine-scented; strong grower; similar to heather; white flowers. \$1.00
- DIPLACUS GLUTINOSUS. Shrub with sticky narrow toothed leaves. Flowers soft apricot or brown. \$1.00
- ELEAGNUS. Spreading bush; green leaves covered with silver dots. \$1.50

- EPIDENDRUM. Exquisite miniature orchid; beautiful for corsages and cutting; blooms year around; orange and yellow. \$2.00
- EPIDENDRUM O'BRIENIANUM. Same as above with red flowers. \$2.00
- ERANTHEMUM NERVOSUM. One of the most beautiful brilliant blue flowers in terminal spikes, much like salvia. Flowers during winter over a long period. Foliage blue green. \$2.00
- EUONYMOUS JAPONICA. "Golden Queen". Glossy green leaves centered with gold. Strong grower. \$1.00
- EUONYMUS JAPONICUS SILVER QUEEN. Hardy hedge or garden plant; also nice for the house; boxwood type, light green leaves with silver margin. \$1.00
- EUONYMOUS MICROPHYLLUS VARIEGATUS. Miniature plant with tiny variegated leaves. \$1.00
- EUONYMOUS MINIMA. Miniature leaves with grey veins; wonderful trailing habit. \$1.50
- FATSHEDERA. "Tree-Ivy". A splendid plant for shade. Beautiful glossy leaves, perfect ivy-shape, on upright stems. Of easiest culture. \$1.50
- FATSHEDERA LIZEI VARIEGATA. Another "Tree-Ivy" with variegated foliage; very attractive. \$2.00
- FICUS ELASTICA. "India Rubber Plant". \$3.00
- FICUS ELASTICA VARIEGATA. Variegated. \$3.50
- FICUS QUERCIFOLIA. "Oak Leaf"; trailing habit. \$2.50
- FICUS RADICANS VARIEGATA. Variegated. "Trailing Fig". \$1.50
- FICUS REPENS. Trailing fig, miniature like ivy leaves, fast grower, clings to walls. 75c
- FICUS REPENS PUMILA. "Miniature Fig"; creeper, very tiny leaves. \$1.00
- FITTONIA ARGYRONEURA. Very choice foliage plant. Light green leaves with fine silver netting. Loves shade. \$1.50
- FITTONIA VERSCHAFELTI. Olive green foliage with rose veins. \$2.00
- FRUIT-SCENTED SAGE. Delightfully scented leaves; profuse crimson flowers all winter; excellent for sunny window. \$2.00
- FUCHSIA CASCADE. Hanging type variety. Very free flowering. Lavender-rose and white. \$1.00
- FUCHSIA. Little Jewel. Finest of all the small flowered fuchsias. \$1.00
- FUCHSIA. Sun Ray. Foliage in sunset colors, flowers red and maroon. \$1.00
- FUCHSIA "HONEYSUCKLE". The old fashioned red-leaved fuchsia, with elongated orange-red bells. Profuse flowering throughout the winter. \$1.50
- FUCHSIA LITTLE JEWEL VARIEGATED. Very rare. Variegated pink and white leaves. \$2.00
- FUCHSIA ROLLO. A near white double flower having faint pink overcast. Free and long flowering. \$1.50
- GAZANIA RIGENS. Low growing perennial from the Cape of Good Hope. Large daisy like flowers of brilliant orange with distinctive black disc at base of petals. Leaves narrow light green white beneath. Suitable for cool house, sunny location. \$1.50
- GREVILLEA WILSONI. Fire Wheel. A west Australian plant with fern like foliage. Flowers red and yellow. Rare. \$2.00

- GUAVA. Lemon or Strawberry. Tropical fruit used for jelly; waxy green leaves. \$1.00
- GYNURA AURANTIACA. Royal Velvet Plant. Beautiful royal velvet purple foliage plant. Choice. \$1.00
- HETEROCENTRON. A lovely winter blooming small shrub, light green foliage, stem sharply four angled. The pure white star like flowers completely cover the plant. \$1.00
- HIBBERTIA VOLUBILIS. Climbing with glossy green leaves and bright yellow flowers 2 inches across; flowers in winter. \$1.50
- HOYA AUSTRALIS. Large rounded leaves. Flowers white in very large umbels. An extra strong grower. \$2.00
- HOYA BELLA. Miniature Wax Plant. Flowers white, center blush pink. Very fragrant. \$2.00
- HOYA CARNOSA. The old fashioned Wax Plant. Flowers in umbels, light pink with star shaped center of rose. \$1.50
- HOYA CARNOSA VAR. VARIEGATA. Like the above, with creamy edged leaves, turning pink in sunlight. \$2.00
- HOYA CARNOSA EXOTICA. Green edged, creamy center. \$2.00
- HOYA KEYSII. Silver-green, slightly felted leaf. \$3.00
- HOYA MOTESKOI. Leaves thicker than Australis; flowers pinkish cream with red purple center. \$2.00
- HYPOESTIS FOETIDA. "Pink Dot". A fast growing foliage plant with bright green leaves sprinkled with rose colored dots. \$1.00
- IBOZA RIPARIA. African herb used by natives as moth repellent; numerous plume-like white flowers in winter. \$1.00
- INCH PLANT. Red, variegated, green. 75c
- ISOLOMA CECILIAE. Compact growth; rose colored flowers; choice. \$2.00
- ISOLOMA ERIANTHUM. Rare. Soft velvet green leaves. Flowers tubular, like foxglove, orange-red, the lower lobes spotted. Excellent winter flowering for partial shade. \$2.00
- IXORA COCCINEA. One of the most satisfactory winter blooming house plants. Leaves bright shiny green offset by clusters of orange red flowers. \$3.00
- IXORA JAVANICA. Camelia-like foliage, shiny, evergreen. Winter flowering for a long period; bright orange-red. \$3.00
- JACOBINIA COCCINEA. Smooth green leaves; spikes of pink flowers. \$1.00
- JASMINUM HUMILE REVOLUTUM. Asia. Yellow flowered sweetly scented; leaves thick and dark green. \$1.00
- JASMINUM MAGNIFICUM. "Royal Jasmine". A fine jasmine for the window garden, growth is bushy with glossy green leaves, covered with pure white star like flowers, very fragrant. \$2.00
- JASMINUM OFFICINALE GRANDIFLORUM. Lovely variety with sweetly scented double white flowers. \$2.00
- JASMINUM PRIMULINUM. "Hardy Jasmine"; good out-door variety; yellow flowers in early spring; China. \$2.00
- JASMINUM SAMBAC var. Grand Duke. Arabian Jasmine. Bush type with intensely fragrant double gardenia-like blooms. \$3.50
- JUSTICIA. Plume plant, pink and red. \$1.50
- KITCHINGIA UNIFLORA. Interesting trailing plant, with fleshy small leaves, flowers bright red at ends of stems. Likes ample sun. \$1.00
- LIGULARIA KAEMPFERI, var. ARGENTEA. Very rare; blue-green leaves edged in white; young leaves pinkish in strong light; finest of house plants. \$3.00

- LIGULARIA KAEMPFERI var. aureo-maculatus. LEOPARD PLANT. Very old, extra fine house plant. Rounded glossy green leaves, mottled yellow. \$2.00
- MACLEANIA INSIGNIS. A very rare plant of trailing habit. Leaves glossy green, flowers are bright scarlet in tubular clusters, they appear to look like wax. A handsome plant both in foliage and flower. It was first discovered in the province of Vera Cruz at an elevation of 4000 feet. \$2.00
- MALPHIGHIA COCCIGERA. "Miniature Holly"; tiny Holly-like leaves; light pink flowers. \$2.00
- MALVASTRUM PROSTRATUM. "Trailing Mallow". Silver grey foliage with lovely coral flowers. Long lasting when cut. \$1.00
- MARANTA ARUNDINACEA AUREA. Bermuda Arrow Root. Decorative foliage plant, yellow and green variegated leaves. Excellent for shady windows. Moisture loving plant. \$1.00
- MARANTA KERCHOVEANA. syn. Bicolor. The prayer plant so called because it closes the leaves at eventide. Fine for table plant in shade. Leaves bright green with maroon spots. 75c
- MARANTA MASSANGEANA. Showy leaf like Kerchoveana but more pronounced "rabbit tracks". \$2.00
- MARANTA OPPENHEIMIANA TRI-COLOR. The most brilliant of dwarf marantas. Rare. Leaves of rainbow hue, under side bright rose. \$2.50
- MARECHEL NIEL ROSE. Very old fashioned large double yellow. \$3.50
- MARICA GRACILIS. Twelve Apostles, iris like foliage, white and blue flowers. \$1.00
- MAURANDIA. Hanging basket herb; showy blue flowers, trumpet-shaped; flowers freely in winter. \$1.00
- MEDINILLA MAGNIFICA. Very lovely greenhouse foliage plant; pendulous pink flowers like wisteria. \$5.00
- MUEHLENBECKIA PLATYCLADA. Extremely interesting with broad flat ribbon-like leaves. Flowers white producing red fruit. Of easy culture. \$1.00
- MURRAEA EXOTICA. Dwarf growing; luxuriant bright green small leaves; waxy flowers with intense orange blossom fragrance. \$3.00
- MYRTUS COMMUNIS. The legendary myrtle of the old world. Fine for the cool and shady room. Leaves glossy green, fragrant when crushed. \$1.00
- MYRTUS COMMUNIS VAR. ROMANA. Same as above with lovely white edged leaves. \$2.00
- NERINE FOTHERGILLI. Guernsey Lily. Flowering bulbs from Africa. Large umbels of scarlet flowers in Autumn. \$1.00
- ODONTOSPERMUM MARITIMUM. Yellow Daisy from Bizerte. Collected by a soldier. Bushy plant with interesting foliage. \$1.00
- OLEANDER VARIEGATA. Lance-shaped leaves edged white. Flowers double pink. \$2.50
- OPLISMENUS HIRTELLUS. Ribbon Grass. Narrow striped pink and white foliage. Grows as easily as inch plant. \$1.00
- ORCHID COELOGYNE CRISTATA. Fragrant white flowers; of easy culture; among cool-growing types temp. 50-65. \$5.00
- OSMANTHUS FRAGRANS. The rare "Sweet Olive". An evergreen plant, having clusters of cream colored miniature flowers with the fragrance of orange blossoms, during Fall and Winter. Best growth in partial shade and cool. \$2.50

- OSMANTHUS ILLICIFOLIUM. The Chinese Holly, Variegated holly, small cream colored edged leaves. Excellent house plant. \$2.00
- PENTAS LANCEOLATA. One of the finest everblooming plants with flowers very like bouvardia, in umbels of pink, white or rose. Often used for flower arrangements and when cut last a long time. Culture is like heliotrope ample sun, water and rich soil. \$1.00
- PEPEROMIA EMERALD RIPPLES. Shiny very crinkled spinach-like leaves. \$1.00
- PEPEROMIA INCANA. Most interesting; thick, white felted leaves. \$1.00
- PEPEROMIA MACULOSA. NEW. Large shining blue-green leaves with ivory white veins; fragrant. \$5.00**
- PEPEROMIA PROSTRATA. NEW. Trailing miniature, mottled leaves; looks like a twin of the Rosary Vine. \$1.00
- PEPEROMIA SANDERSII. "Watermelon Begonia"; silver and green stripes. \$1.00
- PERISTROPHE ANGUSTIFOLIA VAR. AUREA VARIEGATA. A low growing plant with small green and yellow leaves, of spreading habit, useful for window boxes in sun. Flowers rose colored in terminal cymes. \$1.00
- PETREA VOLUBILIS. "Queen's Wreath". Beautiful climber for greenhouse or conservatory. Calyx light lavender. Center of flower like perfect purple violet on long racemes. Very rare. \$3.00
- PHILODENDROM ANDREANUM. Black velvety leaf. \$5.00
- PILEA PROSTRATA. NEW. Creeping, dark green wrinkled leaves. \$1.00
- PILEA REPENS. Creeping, dark bronze leaf; likes shade. \$1.00
- PIPER BETEL. Cordate leaves, vining. Used in Indonesia for chewing betel nut. \$5.00
- PITTOSPORUM. Australian Laurel, glossy, green shrubby growth, very fragrant white flowers. \$1.00
- PITTOSPORUM. Var. Variegata. \$2.00
- PLECTRANTHUS AUSTRALIS. Very shiny, glossy light green leaves. \$1.00
- PLECTRANTHUS OERTENDAHLI. Swedish ivy. Succulent green leaves with lavender tinted edges. Of easiest culture. 75c
- PLECTRANTHUS PURPURATUS. Silver-grey foliage. \$1.00
- PLUMBAGO CAPENSIS ALBA. A beautiful form of this popular plant with waxy pure white flowers. \$2.00
- PLUMBAGO CAPENSIS. Shrubby plant with true blue Phlox flowers. \$1.00
- PLUMBAGO COCCINEA. Carmine red flowers; low growing. \$3.00
- PONDEROSA LEMON. One of the finest dwarf fruits for home or greenhouse. Large waxy white fragrant flowers producing real lemons the size of grapefruits. Small 3" pots \$3.00; 5" pots \$8.00
- PUNICA CHICO. New "Carnation-flowered" Pomegranate; finest of dwarf shrubs; $\frac{1}{2}$ foot high; flowers like bright red carnations. \$2.00
- PUNICA GRANATUM NANA. Dwarf Pomegranate; interesting house plant; showy orange-red fruit; single red flowers. \$1.00
- QUISQUALIS INDICA. "What is it?" — tree, vine, or bush! \$5.00
- REINWARDTIA INDICA. "Yellow Flax"; very compact pot plant; beautiful yellow flowers Dec. to April. \$2.00

- RHOEO VITTATA. "Moses in the Bulrushes". Of easiest culture, leaves about eight inches long, dark purple beneath, striped yellow above, often used for flower arrangements. Habit of growth is like a small pandanus. \$2.00
- RIVINIA HUMIS. "Blood Berry". Interesting bushy plant with racemes of small bright red berries. \$1.00
- RONDELETIA. Attractive bushy growth, showy red flowers, fall and winter bloomer, choice. \$2.50
- RUBUS MOLLINCANIS. Creeping form of the velvet-leaf raspberry. \$1.00
- RUBUS REFLEXUS VAR. PICTUS. A fine trailing house plant with velvety green leaves, gray variegated above, cinnamon beneath. Grows best in partial shade and heat. \$2.50
- RUELLIA COCCINEA. Of real merit. Glossy green salvia like leaves; flowers single bells brilliant red. \$1.00
- RUELLIA-MAKOYANA. Flowers deep rich pink and tubular interesting decorative foliage, underside purple. 75c
- RUSCUS ACULEATUS. "Butcher's Broom"; artificially colored sprays of this interesting shrub are used extensively for holiday decorations; very easy to grow. \$2.50
- RUSCUS HYPOPHYLLUM. Extraordinary botanical specimen with tiny flowers appearing in center of leaves; foliage lasts for months when used in bouquets; will grow for anyone. 3.50
- SANCHEZIA NOBILIS GLAUCOPHYLLA. Green leaves with strong yellow veins; yellow flowers in long racemes. \$2.50
- SAXIFRAGA LIGULATA. One of our finest new house plants, grown from seed received from the Kingdon-Ward expedition. Leaves are a beautiful shiny green, with metallic lustre. The plant is stemless and is an ideal subject for partial shade. Flowers are interesting, on eight inch stems in large umbels, ivory white and lasting over a long period. \$3.00
- SAXIFRAGA SARMENTOSA. Strawberry geranium. Beautiful hanging basket plant, small plants born on runners, flowers fluffy white. 75c
- SAXIFRAGA SARMENTOSA TRICOLOR. Variegated Strawberry Geranium; striking green and white foliage with pink edging; easy to grow; likes it cool. \$1.00
- SELAGINELLA BROWNI. "Irish Moss". Low mossy cushion of brilliant green. \$1.00
- SELAGINELLA MARTENSII VARIEGATA. Upright; lacey foliage silver-tipped. Rare. \$2.50
- SELAGINELLA UNCINATA. "Peacock Moss". Creeping fern-like growth of peacock blue. \$3.00
- SELAGINELLA WILLDENOVII. Shade loving; climbing, fern-like growth; brilliant peacock sheen. \$5.00
- SENECIO CONFUSUS. Climbing growth with brilliant orange daisy-like flower. Winter flowering. \$2.00
- SETCREASIA. Striped inch plant, new. 75c
- SMILAX. Old fashioned southern climbing plant; tiny glossy green leaves; sweetly scented white flowers. \$1.00
- SPATHIPHYLLUM CLEVELANDII. Shiny lance shaped green leaves. Beautiful pure white lily-like flowers which last for weeks. Very choice. \$3.00
- STENOTAPHRUM. St. Augustine Grass. Beautiful hanging basket plant. 75c
- STREPTOSOLEN JAMESONI. "Orange Browallia". Brilliant orange flowers in winter; basket plant. \$1.00

- STROBILANTHES DYERIANUS. Beautiful foliage plant, with leaves variegated with iridescent tints of blue and lilac, purple beneath. Requires warmth, abundance of moisture on plant and foliage. \$2.00
- STROBILANTHES ISOPHYLLUS. Bushy habit, willowy leaves. Funnel shape blue and white flowers. \$1.50
- SWAINSONIA GALEGIFOLIA VAR. ALBIFLORA. "Winter sweet pea". Delicate, lacy light green foliage, pure white pea like flowers. Likes abundant sunlight and rich soil. A fine small shrub for the cool greenhouse. \$2.00
- SWAINSONIA GALEGIFOLIA VAR. VIOLACEA. Has violet rose flowers like the above, more dwarf growing. Both are excellent winter bloomers. \$3.00
- TABERNAEMONTANA CORONARIA. Popular Fleur D'Amour "Flowers of Love"; Gardenia-like foliage with fragrant waxy white flowers. \$3.50
- TALINUM PATENS. "Afternoon Tea". \$1.00
- TALINUM VARIEGATA. "Flame Flower"; survives heat and drought. \$2.00
- TETRANEMA MEXICANA. "Mexican Foxglove"; dwarf growing; extraordinary house plant with continual purple flowers. \$2.00
- TIBOUCHINA. Princess Flower. Wonderful royal purple flower. Easy to grow. \$1.00
- TOLMIEA MENZIESII Pick-a-back, or Mother of thousands. Excellent as a table plant in partial shade. Requires copious water. 75c
- TRACHELOSPERUM JASMINOIDES. Confederate jasmine. Glossy green foliage covered with clusters of fragrant white star-shaped flowers. \$2.00
- TRACHELOSPERMUM JASMINOIDES. "Confederate Jasmine" with light yellow flowers. \$2.00
- TRADESCANTIA BLOSFELDIANA. Velvet purple leaves flowers delicate rose-lavender in close racemes. Choice. \$1.00
- TRADESCANTIA FUSCATA. A stemless plant. Leaves brown and hairy. Bright blue flowers, an inch across, borne in the midst of the brown hairy leaves. A collector's item. \$2.00

SAXIFRAGA VARIEGATA

- TRADESCANTIA MULTIFLORA. Fern-leaved inch plant; tiny dark leaves, white flowers; a real miniature. \$1.00
- TRADESCANTIA PURPLE HEART. Leaves of royal violet covered with soft silky hairs. \$1.00
- TRADESCANTIA REGINAE. Erect purplish-crimson leaf centers; silver edged; purple underneath. \$2.00
- TRICHOSPORUM LOBBIANUM. Much prettier foliage than T. Pulchrum. \$2.00
- TRICHOSPORUM PULCHRUM. Choice basket or hanging plant. Leaves broad, small, smooth. Scarlet tubular flowers with yellow throat. Greenish calyx. Pot in very porous medium for drainage. \$2.00
- VERONICA. Australia. Beautiful glossy foliage like Boxwood; alternate leaves always in pairs. Interesting leaf buds. \$2.00
- VIPHYTUM SENSITIVUM. Tiny plant like the "sensitive" plant. \$2.00
- ZINGERBER OFFICINALIS. True Ginger. Excellent house plant for shade. Foliage fragrant and spicy. \$1.00

CHOICE VINES

- CISSUS ADENOPODUS. Of easiest culture. Three foliate leaves, red and hairy. The new leaves look like crimson velvet. A fast growing tendril climber. \$1.00
- CISSUS ANTARCTICA. "Kangaroo Vine"; notched glossy foliage. \$1.00
- CISSUS ANTARCTICA MINIMA. Miniature "Kangaroo Vine". \$1.00
- CISSUS CAPENSIS. Large felted leaves, beautiful silver-green. \$3.00
- CISSUS DISCOLOR. A lovely tendril climber. Leaves oval, tapering, rich green with mottled silvery metallic lustre; red beneath. A sprinkling of crimson dispersed over prime leaves. Shade. \$2.50
- CISSUS QUADRANGULARIS. Growth like cactus with tufted leaves. \$5.00
- CISSUS RHOMBIFOLIA. The Grape-Ivy. Strong growing ivy with glossy three leaflets. 75c
- CISSUS STRIATA. A miniature grape ivy, with lacy small five lobed leaves. Choice. \$2.00
- CISSUS VOINERIANA. Huge "Grape-leaf"; very large growing type. \$5.00
- CONVOLVULUS. Mauritanicus. Prostrate growth, leaves round-ovate, small heavenly blue morning glory flowers. Rare. \$1.00
- ENGLISH IVY, SILVER KING. Fast growing small leaved variegated ivy, beautiful hanging plant. Choice. \$1.00
- HETEROCENTRON ROSEUM. Spanish Shawl. Fine for the sunny location. Creeping plant with small pointed leaves, red stemmed. Flowers bright rose in early winter. 75c
- LOTUS BERTHELOTII. Winged Pea. Beautiful pea like dark red flowers, lacy silver foliage, choice. \$1.00
- MAHERNIA VERTICILLATA. Honey Bells. Trailing plant with fine lacy foliage, flowers tiny bells, honey yellow and sweetly scented. \$1.00
- MANETTIA BI-COLOR. Twining Fire-cracker Plant, scarlet flowers, with yellow tips. \$1.00
- MUEHLENBECKIA COMPLEXA. Wire Plant. Vining plant with tiny glossy green leaves, stems almost black. Fruit which follow the tiny green flowers look like white pearls. Enjoys sun and dryness. \$1.00
- PASSIFLORA ALATO-CAERULEA. Passion flower Vine. Purple flowers. More exotic than Clematis; excellent house plant. \$2.00

- PASSIFLORA COREACEA. Leaf resembles a butterfly; blue-green, silver-centered. \$2.00
- PASSIFLORA RACEMOSA or Princeps. Red Passion Flower; leaves thick; rose-red flowers. \$3.50
- PASSIFLORA TRIFASCIATA. Purple band 3-fingered pink foliage; yellow-tinged flower. \$3.00
- PELLIONIA. Known as Trailing Watermelon begonia, narrow green centered, dark edge leaf. \$1.00
- VARIEGATED IVY, GLACIER. New. Miniature. \$1.00

FERNS

- ADIANTUM BELLUM. "Bermuda Maidenhair". A striking little miniature maidenhair fern, growing about six inches above the pot. Requires very lime soil, shade and ample water during the growing period, the winter months. Rests in summer. \$3.50
- ADIANTUM CAPILLUS-VENERIS. Old fashioned Maidenhair. \$1.00
- ADIANTUM CUNEATUM var. GRACILLIMUM. Lacey Maidenhair; fronds like fine green lace. Rare. \$3.00
- ADIANTUM HISPIDULUM. Australian Maidenhair. Leaves fan-shaped; vigorous growing. \$2.00
- ASPARAGUS COOPERI. Climbing; fine, vivid green foliage. \$3.00
- ASPARAGUS CRISPUS. The Bride's Bouquet Fern, tiny white flowers, red berries. \$1.00
- ASPARAGUS SPRENGERI. One of the few ferns with blooms fragrant, nearly white flowers, red berries at Christmas time. 75c
- ASPLENIUM BULBIFERUM (King and Queen fern). Parsley fern, little fern balls growing on lacy fronds. \$1.00
- CYCLOPHORUS LINGUA var. CORYMBIFERA. Very rare; like a miniature Staghorn; tips of leaves very ruffled. \$6.00
- DAVALLIA BULLATA MARIESII. Squirrels-foot fern, very popular with brown rhizomes and slightly longer fronds. \$2.00
- DAVALLIA FEJEENSIS PLUMOSA. Feathery fronds, brown creeping rhizomes. \$2.00
- DAVALLIA GRIFFITHI. Deer Foot fern, soft silvery grey rhizomes, glossy fronds. Very choice. \$2.00
- DAVALLIA TENUIFOLIA. Carrot-fern, leathery fronds, short creeping rhizomes. \$2.00
- DOODIA MAXIMA. The "hacksaw" fern; ideal for window boxes; tiny stiff fronds. Rare. \$5.00
- HOLLY FERN. A strong upright; holly-like leaves. \$1.00
- LEATHERLEAF FERN. Rare Davallia. Foliage glossy; used in floral art. \$3.50
- NEPHROLEPSIS CORDIFOLIA var. DUFFI. Tiny leaflets, threadlike leaves; a remarkable variety. \$2.00
- NEPHROLEPIS EXALTATA VERONA. "Lace fern". Plume-like fronds very finely cut. Light green and very choice. \$1.50
- PELLAEA ROTUNDIFOLIA. Low growing fern, small fronds near ground; evenly spaced small round leaflets. \$3.50
- PLATYCERUM ALCICORNE. "Stag Horn" Fern. Rare. \$6.00
- POLYPODIUM MANDAIANUM. "Hares Foot" Fern. Foliage blue-green. \$3.00
- POLYPODIUM SUBAURICULATUM. "Bearsfoot" fern; fine, tall growing type with large swordlike leaves and black, burly rhizomes. \$10.00
- POLYPODIUM VACCINIIFOLIUM. Very dwarf; bright green, creeping rhizomes. \$6.00
- POLYSTICHUM ACROSTICHOIDES. "Christmas" fern. \$2.00

- POLYSTICHUM ACULEATUM. "English Hedge Fern". Interesting heavy fronds of graceful habit, one of the hardiest house ferns. \$2.00
- POLYSTICHUM ACULEATUM PROLIFERUM. "Plume fern". A double form of English hedge fern. One of the finest of pot ferns. Native to Australia. Produces fernlets along the fronds in season. \$2.00
- WOODWARDTIA AREOLATA. Hardy "Chain" fern; requires moist, cool location. \$2.00

HERBS

- ALCHEMILLA VULGARIS. Lady's Mantle. Old time herb. Pleated, soft velvet green leaves, ornamental. Perennial. \$2.00
- AMOMUM CARDAMON. "Grains of Paradise". The real Cardamon plant with fragrant leaves. \$2.00
- BOXWOOD. This is the true English box and winters well for us. \$2.00
- CAMPHOR OFFICINALIS. Semi-hardy shrub, the leaves when pinched smell of cinnamon or camphor. \$2.00
- CHAENOSTOMA FASTIGIATUM. "African Baby's Breath"; fragrant spicy foliage constantly covered with tiny white flowers; likes sun and heat. Choice. \$1.00
- CHRYSANTHEMUM PTARMICAEFLORUM. Beautiful lacey grey foliage. Very rare. \$2.00
- CRITHMUM MARITIMUM. Samphire old world plant used for pickles. Cut grey foliage. Rare. \$2.00
- DITTANY OF CRETE The true Dittany of herb lore and legend. Excellent cool house plant. \$1.00
- HELICHRYSUM PETIOLATUM. Licorice plant. Silver grey leaves trailing habit. 75c
- LAVENDER DENTATA. French lavender. Lacy foliage. \$1.00
- LAVENDER SPICA. Tall grey foliage. fragrant. \$1.00
- LAVENDER VERA. True English Lavender. Hardy. \$1.00
- LEMON VERBENA Fragrant lemon scented foliage. 75c
- MARJORUM from Sicily. Very spicy fragrance. \$1.00
- MELISSA OFFICINALIS. Lemon Balms Excellent for tea. 75c
- MENTHA CITRATA. Orange mint. Best for fragrant tea. \$1.00
- MENTHA PIPERITA. Black peppermint. Very strong. \$1.00
- MENTHA REGUIENI. Corsican Mint or Creme de Menthe. Mossy very fragrant mint for flagstones, etc. \$1.00
- MENTHA ROTUNDIFOLIA VAR. Variegated Pineapple Mint. Very lovely white edged form. \$1.00
- MENTHA SPICATA. A fine real spearmint. 75c
- ROSEMARY FORRESTERI. Small leaved, creeping, with bright blue flowers. Choice. \$1.00
- ROSEMARY OFFICINALIS. Strong plants, excellent for garden and house culture. This is the heavenly blue flowered type. \$1.00
- ROSEMARY OFFICINALIS ALBA. White-flowered form. \$1.00
- SALVIA DORISIANUM. An outstanding plant for foliage and flower, with large velvety green fragrant leaves, and rose pink flowers in large clusters above the foliage. Fine for garden or conservatory. \$1.00
- SALVIA RUTILANS. A Salvia with fragrant foliage, refreshing pineapple scent. Flowers scarlet in the Autumn. and throughout the winter. Fine for the garden and window-box. 50c
- SANTOLINA CHAMAECYPERUS. Silver grey. \$1.00
- SANTOLINA PLUMOSUS. Lacey silver grey foliage. \$1.00
- SANTOLINA VIRIDIS. Green lacey foliage; fine for border. \$1.00
- SAVORY from Sicily. Very dwarf type collected by a soldier. \$1.00

- SWEET BAY. Fresh bay leaves used in soups. \$1.00
 TARRAGON. Used for vinegar. Grows best in partial shade. \$1.00
 TEUCRIUM CHAMAEDRYIS. Germander. Fine plant for border. 75c
 TEUCRIUM HETERAPHYLLUM. Beautiful silver foliage with sky blue flowers. Tall growing for the back of the herb border. Annual. \$2.00

OXALIS

- OXALIS BOWIEL. Giant pink flowers, large leaves, fall flowering, bulbs, three for 75c.
 OXALIS CAPRINA. Double Bermuda Buttercup; bright yellow fully double fragrant flowers. \$1.00
 OXALIS CARNOSA. Rhizomatous root stock, leaves small lettuce green, flower yellow in spring. 75c
 OXALIS CERNUA. Bermuda Buttercup, bright yellow, single flowers; fragrant. \$1.00
 OXALIS FLAVA. Five-fingered leaf; large single yellow blooms. \$1.00
 OXALIS GRAND DUCHESS. "Tops" in oxalis; bright green clover-like leaves; brilliant large rose-colored flowers; 3 bulbs \$1.00
 OXALIS GRASSIPES. Old-fashioned oxalis prolific flowering. \$1.00
 OXALIS GRASSIPES ALBA. Old-fashioned with white flowers; prolific blossoms. \$1.00
 OXALIS HEDYSAROIDES RUBRA. "Firefern". Very rare. Tiny fern-like brilliant red leaves with miniature yellow flowers; tree type. \$3.00
 OXALIS HIRTA. Rare. Upright growth with bright rose flowers. \$2.00
 OXALIS LASIANDRA. Divided five-fingered leaf; large single lavender flowers. \$1.00
 OXALIS MELANIOSTICA. Beautiful silver foliage; yellow flowers. \$1.00
 OXALIS ORTGIESII. Tree Oxalis-bushy upright growth, dark maroon purple under, flowers yellow. Rare. \$1.00
 OXALIS PEDUNCULARIS. Upright habit, small fleshy leaves, showy. orange-yellow flower. \$1.00
 OXALIS RUBRA. Rare. Lovely clover-like leaves; deep rose flowers. \$1.00
 OXALIS RUBRA ALBA. Rare. Free flowering white. \$1.00

CHOICE CACTUS and SUCCULENTS

- ALOE VERA. Medicine Aloe. Succulent with thorny edged leaves. \$1.00
 CRASSULA COOPERI. Very dwarf. \$1.00
 CRASSULA SCHMIDTI. Dwarf with bright rose flowers. \$1.00
 EPIPHYLLUM. Orchid cactus, pink, and red varieties. \$1.00
 EPIPHYLLUM HYBRID. "Thanksgiving cactus". Bright orange-red. \$2.00
 EPIPHYLLUM OXYPETALUM—NIGHT BLOOMING CEREUS. Large white flowers opening at night, very fragrant. \$1.00
 EPIPHYLLUM TRUNCATUM. "Christmas cactus". Bright rose flowers. \$1.00
 EUPHORBIA SPLENDENS. "Crown of Thorns". Flowers red. \$1.50
 SEDUM DASYPHYLLUM. Matted blue grey foliage. Very attractive. \$1.00
 SEDUM MORGANIANUM. "Donkey Tail". Trailing, blue green, coral flowers. \$2.00
 SENECIO TROPAEOLUM. "Nasturtium-leaved" yellow flower. \$1.00

SOMETHING OLD, SOMETHING NEW

- ACACIA ARMATA PENDULA. Dwarf with leaves and flowers hugging the stems; sweetly scented extra large flowers in Feb.; excellent potted type. \$5.00
- ACACIA CULTRIFORMIS. Beautiful deep golden yellow flowers with contrasting blue-grey thick leaves. \$5.00
- ACACIA DECURRENS var. DELBATA. "Silver Wattle". Beautiful silver-blue foliage useful for cutting; flowers bright yellow in winter. \$5.00
- ACACIA LATIFOLIA. Long broad leaves; fragrant mimosa yellow flowers. \$5.00
- ACACIA PYCNANTHA. "Broad Leaved Wattle". The name refers to the large leaves produced first from seed; very full-flowered golden yellow in winter. \$5.00
- AESCHYNANTHUS MARMORATA ZEBRINA. (Java) trailing waxy; curious skeleton of leaf prominently outlined. \$2.00
- ALPHELANDRA LOUISAE. Beautiful new foliage plant with large green and silver striped leaves, flowers bright yellow in large spikes; like *Justicia*. \$2.00
- ALSTROMERIA CARYOPHYLLEA. "Brazilian Lily". Flowers striking cream and red in upright lily-like umbels of 5-7; lily-of-the-valley fragrance. VERY RARE. \$5.00
- ALTERNANTHERA. NEW. Joseph's Coat; brilliant rose-pink foliage; winter growing. \$1.00
- ANTIGONON LEPTOPUS. "Love's Chain". Greenhouse climber; beautiful rose pink flowers in long racemes. \$1.00
- ARAUCARIA EXCELSA. "Norfolk Island Pine". Excellent indoor Christmas Tree. \$5.00
- BAMBUSA NANA. Dwarf Bamboo; excellent easy to grow in sun or shade. \$2.00
- BELOPERONE COMOSA. Brilliant orange flowers; tall growth. \$1.00
- BORONIA ELATIOR. NEW. Aromatic fernlike foliage; fragrant rose-pink flowers in winter; excellent for sun room; cool growing. \$3.50
- BROWALLIA SPECIOSA MAJOR. Fine everblooming house-plant; deep violet blue flowers one inch across; likes sun. \$1.00
- CASSIA CORYMBOSA. Attractive dwarf tree; leaves similar to Locust; primrose yellow flowers, cupped, one inch across. \$5.00
- CEANOTHUS GLORIOSUS. Small spreading, holly-leaved; flowers deep blue in racemes. \$2.00
- CHAMAERANTHEUM IGNEUM. Very rare. When well grown, center of leaf has golden color; shade and heat loving. \$3.00
- CHIMONANTHUS PRAECOX. var. GRANDIFLORA. Deciduous small shrub; fragrant flowers in early spring before foliage. \$2.00
- CITRUS MEYER. Very old variety of dwarf lemon; delicious golden yellow fruit. \$3.00
- CLERODENDRON GLABRUM. Fruit scented foliage, white flowers; rare. \$3.50
- CLERODENDRON SPECIOSUM. Rose-pink flowers; the deeper color of calyx will last for many months. \$2.50
- CLERODENDRON THOMSONAE. "Glory Bower". Warm greenhouse climber. Beautiful rich crimson flowers with pure white calyx. \$3.00
- COLEUS LANUGINOSUS. Leaves like satin-velvet; blue flowers; a collector's item. \$2.00
- COLEUS THRYSOIDES. NEW. Beautiful bright blue flowers; leaves pungently aromatic, slightly furry; excellent winter bloomer. \$1.00

- COLUMNEA CRASSIFOLIA. Upright, large succulent leaves; extra large orange-red tubular flowers in mid-winter. \$2.00
- COLUMNEA LINEARIS. Long narrow leaves; thick trailing habit; rose-pink flowers. \$2.00
- COLUMNEA MAGNIFICA. Most beautiful; red hairy leaves, bushy growth; fan-like brilliant orange-red flowers with yellow vein. \$2.00
- COTTON (DWARF). An interesting pot plant; lemon-yellow mallow-like flowers followed by large green seedpod which opens to enormous balls of real cotton; interesting for school children. Shipped May and June only. \$2.00
- CYMBIDIUMS. Our collection, although unnamed, has some of the finest varieties; shades of pink, yellow, or brown. \$15.00 each.
- DATURA SUAVEOLENS. "Angel's Trumpet". Old-fashioned house plant, very fragrant, large white bells. \$5.00
- DISCHIDIA BENGALIENSIS. Very rare epiphyte of easiest culture; succulent leaves on thick vining stems; fine hanging plant. \$2.00
- DICHORISANDRA THRYSIFLORA. Handsome foliage of large silver-green leaves with red underneath; brilliant blue flowers in large clusters. Rare. \$2.00
- DURANTA STENOSTACHYA. Brazil Sky-Flower; glossy light green leaves; racemes of light blue flowers. \$2.00
- EPISCIA DIANTHIFLORA. Green basket type; flowers pure white, lacey edged. \$2.00
- EPISCIA PUNCTATA. Green velvet leaves; white picotee flowers spotted purple. \$2.00
- ERANTHEMUM PSEUDO-ALATUM. (Chocolate Soldier). \$2.00
- ERANTHEMUM WATTI. Green leaves with metallic sheen; flowers one inch across, beautiful violet blue; dwarf. \$3.00
- EUPHARIS AMAZONICA. "Amazon Lily". Beautiful glistening white sweet-scented flowers after alternate periods of rest and growth; likes warm house. \$5.00
- EUPHORBIA FULGENS. "Scarlet Plume". Fine mid-winter flowering, excellent keeping quality; bright scarlet. \$2.00
- FEEIJOA SELLOWEIANA var. Pineapple Gem. Pineapple Guava. Silver grey foliage with exotic red flowers in early Spring; green fruit is edible. \$3.00
- FRAGARIA VESCA ALBO-MARGINATA. Var. Strawberry. A true strawberry with white edged leaves; white flowers and red fruit; cool grower. \$3.00
- GRAPTOPHYLLUM PICTUM. (New Guinea) Harlequin oval leaves, purplish with pink center and pink stem. \$2.00
- HEDERA HELIX. Gold Heart. NEW. Trailing Ivy with dark green edge and center of gold. \$1.00
- HELIOTROPE. Old-fashioned fragrant purple flowered variety. \$1.00
- HELIOTROPE. White-flowered; very sweetly scented. \$1.00
- HEMIGRAPHIS REDANDRA. Narrow, metallic purple leaves; white flowers; creeping; fast growing. \$1.00
- HOFFMANIA REFULGENS. A fine tropical for the shade; foliage heavily creped, garnet shade. \$5.00
- HYPOCYTRA NUMMULARIA. Trailing velvet-leaved vine; most unusual balloon-shaped flower of orange-red; allied to Columnnea. \$2.00
- IMPATIENS OLIVERI. Choice. Large 3" flowers of lavender pink; waxy green leaves; winter flowering. \$2.00
- IMPATIENS SULTANI. "Patient Lucy". Fine dwarf variety of this old-fashioned favorite. Choose white, pink, orange-flowered or variegated leaved. 50c each

- IRESINE HERBSTII. "Beef Steak" plant; easiest to grow; bright red foliage. 50c
 JACOBINIA PAUCIFLORA. Brazilian Fuchsia. NEW. Compact small-leaved; covered in winter with tubular scarlet, yellow-tipped flowers; likes ample sun. \$1.00
 KAEMPFERIA ROSCOEANA. A tropical jewel; large rounded leaves bronze with variegated silver sheen; flowers bright lavender with white eye; very choice. \$6.00
 LEONOTIS LEONORUS. Aromatic herb fragrance; orange flowers in plume-like umbels. \$1.00
 LEPTOSPERMUM CITRIODORA. Leaves like myrtle when crushed have fragrance of Lemon Verbena; dwarf evergreen, slow growing. \$5.00
 LEPTOSPERMUM SCOPARIUM FLORE PLENO. Australian Tea Tree. Very dwarf compact growth; fine myrtle-like foliage; lovely double pink flowers like cherry blossoms in early spring. \$2.00
 MELASTOMA SANGUINEUM. Glossy green leaves, pink veined underneath; edges russet; stems red-hairy; large purple flowers in profusion. \$3.00
 MONTEREY CYPRESS. Cupressus macrocarpa. Excellent hardy house plant. \$2.00
 NASTURTIUM. "Double English". Fine potted type, cushion-like bright orange-red flowers; makes good cut flower, wonderful keeper. \$1.00
 NAULOCALYX TESSELATA. Upright episcia; pebbly reddish leaves. \$2.00
 NEMATANTHUS LONGIPES. Bushy growth; long fleshy leaves; flowers bright red 2" long; gesneriaceae. \$2.00
 NEPETA DEDERACEA VARIEGATA. Fast growing; vining with round green and white edged leaves, red center; fine for basket or window boxes. \$1.00
 OCHNA MULTIFLORA. NEW. Distinctive dwarf tree; locust type leaves, fragrant primrose yellow flowers; interesting red calyx and green berries turning black as they ripen; last for months. \$3.00
 ODONTOGLOSSUM. "Lily of the Valley" orchid; lovely fragrant small white flowers in sprays; mid-winter flowering. \$5.00
 ODONTOSPERMUM SERICEUM. NEW. Silver leaf form of "Daisy from Bizerte". \$2.00
 PAROCHETUS COMMUNIS. (Blue Oxalis). Trailing shamrock-type leaves, pea-shaped cobalt blue flowers all year; good for hanging baskets. \$2.00
 PHILODENDRON VARICOSUM. Velvet leaf, distinct green veins. \$5.00
 PHYGALIS CAPENSIS. "Cape Fuchsia". Bright green, small, narrow leaves with scarlet tubular flowers. \$2.00
 PINEAPPLE. Dwarf variety of easy culture; grows like cactus; especially interesting for school children. \$3.00
 PLUMERIA RUBRA. Famous "Frangipani Tree". The Lei flower of Hawaii; delightful fragrant flowers; cactus like growth. \$15.00
 POLYGONUM CAPITATUM. NEW. Himalaya. Trailing, each leaf marked with distinctive black V with pink tinge, edged with tiny red hairs; pink clover-like blossoms; fast grower. \$1.00
 QUILLAJA SAPONARIA. Soap-bark tree; holly-like leaf; white flowers. \$2.00
 REHMANNIA. Long-lasting winter cut-flower; easy to grow; likes cool house. Pink tubular flowers. \$2.00
 SALVIA MICROPHYLLA. Fragrant leaved, small scarlet flowers. \$1.00

- SAROCOCCA RUSCIFOLIA. NEW. Dwarf foliage plant; dark green leaves; very strong grower. \$1.00
- SCHEFFLERA ACTINOPHYLLA. "Australian Umbrella Tree". Hardest of evergreen house plants; glossy, digitate leaves. \$3.00
- SCUTELLARIA MOCINIANA. Mexican Skull-Cap. Bright green leaves; scarlet flowers. \$2.00
- SOLANDRA NITIDA. "Golden Challis". "Cup of Gold". Leathery, shiny leaves; huge cup-shaped creamy yellow flowers, intensely fragrant, changing to gold as they fade. Rare. \$3.50
- SPIRONEMA FRAGRANS. Of easy culture. Large-leaved tradescantia type; white flowers, sweetly scented. \$2.00
- STEPHANOTIS JASMINOIDES. Handsome climber; waxy white flower clusters; sweetly scented. \$3.00
